County of Marin
Community Service Fund Program
Application Form

Application Date September 30, 2019

Fiscal Year July 1, 2019 - June 30, 2020

Organization Information

Full Legal Name: All One Ocean, A Project of Earth Island

Organization URL: www.alloneocean.org

Mission/purpose of your organization:

All One Ocean's mission is to educate our communities about the destructive impact of litter on our Ocean and waterways and provide simple, sustainable and effective ways to reduce litter.

Healthy water for all is our end goal. We rely on it for drinking water, food, agriculture and recreational activities, to name a few. Animals rely on it for survival. Our water - whether it is through waterways or in our ocean - is facing challenges from pollution. This pollution is capable of harming all of us, while also contributing to climate change. We believe that through education and simple daily acts of environmental consciousness, we can get closer to our goal. By educating our youth, we will create a new generation of environmental leaders who will grow up knowing that there is nothing normal about a plastic-choked Ocean and lead us in changing behaviors, making it possible for everyone to have healthy water.

Grant Request Information

Program/Project Name: Beach Clean Ups/Ocean Warriors

Summary of how County funds would be used for project:

County Funds would be used to provide staffing and materials for All One Ocean to provide up to 10 free, educational and productive Beach Clean Ups to groups of students and teachers at public schools in Marin County.

Amount Requested Dollar: County Funds would be used to provide staffing and materials for All One Ocean

Total Project Cost: $3,000.00

Description of the proposed project/program, including the proposed project's goal(s), and the nature of the costs in specific terms, i.e. materials, labor costs, etc. Specifics of how the requested County funds will be used.

All One Ocean's Beach Clean Ups are focused on educating the public about how daily habits and choices can have a huge impact on the environment in which we live. We work with local businesses, non-profits and groups of concerned citizens. In our Ocean Warriors program, we work specifically with students from 3rd-5th grade, their teachers and families on cleaning up local Marin County beaches. We have found that the hands on experience of seeing and picking up the litter and plastic products that have landed on our beaches is a wonderful way to educate. The students become aware of the way litter travels through the waterways and watersheds directly into the ocean that we all share. The funds we are requesting would allow All One Ocean to provide opportunities to take groups of students, teachers and chaperones as well as volunteers from local service organizations to educational and productive Beach Clean Ups free of charge. The funds would help cover safety gloves, lawn and compost bags and the staff needed to lead the clean ups and teach the lessons.

List of all community interests that will be affected by the proposed project/program and the public benefit to be derived from it:

Citizens of Marin County will be benefit from our program by learning about how their actions and decisions can impact the environment and the Ocean we all share. We provide educational beach and waterway clean ups with a focus on habitat restoration and education. We believe education is the key to healthy water for all. Whether we are working with a service organization, volunteer group, small or large business we make a Beach Clean Up meaningful and provide our participants with simple everyday steps which will ultimately change the future of our environment. By disposing of litter properly, choosing products wisely and sharing the education they have received from participating in our Beach Clean Ups our entire community can benefit.

This organization has never received Community Service funds.

No County funding was received for this project or others.

Project/program can be completed if amount received is less than requested amount of Community Service funds.

Applicants are encouraged to leverage funding from other non-County sources, and priority will be given to requests that represent no more than 50% of total project cost. To demonstrate all sources of project funding, including other County sources, please provide a project/program budget below. Please fill in as applicable, and round to the nearest dollar.
