NOTICE TO AFFECTED SYSTEMS AND AGENCIES

REQUESTED BOUNDARY MODIFICATION OF THE SAND POINT AREA  
AND WILSON GROVE FORMATION HIGHLANDS GROUNDWATER BASINS

October 11, 2018

NOTICE IS HEREBY GIVEN to affected local agencies and public water systems in the Wilson Grove Formation Highlands and Sand Point Groundwater Basins that the California Department of Water Resources (DWR) determined the basin boundary modification request was complete on October 10, 2018. This determination initiates a 30-day Public Input Period. The deadline for written comments to DWR is **November 9, 2018**. Please go to <http://sgma.water.ca.gov/basinmod/basinrequest/preview/237> to view details on this request.

Comments shall be submitted on-line for the 1-059 WILSON GROVE FORMATION HIGHLANDS and 2-027 SAND POINT AREA at <https://sgma.water.ca.gov/basinmod/modrequest/submitted>. Pursuant to Section 343.12, the DWR specifies the following procedural requirements for entities or public input:

- a. Any person may provide information to support or oppose a proposed boundary modification request as follows:
  1. Public input must be submitted by written notice to the Department within 30 days after the Department posts a notice that the request is complete pursuant to Section 343.10(c), and provide the requesting agency a duplicate copy of that information the same day.
  2. Public input must include the name, address, and electronic mail address of the person or entity providing that input.
  3. Public input must include a clear statement of the basis for the support of or opposition to the proposed boundary modification.
  4. The level of detail provided by public input need not be as comprehensive as that contained in the request, but must rely on similar scientific and technical information as the particular boundary modification request to which it is addressed, and will be evaluated by the Department using the same criteria.
- b. The Department shall post all public input on the Department's Internet Web site listed above.
- c. The Department is not required to respond to comments received through public input, but will consider such comments as part of its evaluation of a boundary modification request.
- d. The Department shall give the requesting agency a reasonable opportunity to respond to public input, including the opportunity to modify the boundary modification request.

Authority cited: Section 10722.2, Water Code.
