Subject: Section 106 Review for Playground Replacements at Golden Gate Village

To interested parties:

Golden Gate Village was listed in the National Register of Historic Places in 2017. It is, therefore, a historic property for the purpose of Section 106 of the National Historic Preservation Act (Section 106). With the assistance of its qualified consultant, Marin Housing Authority (MHA) has conducted a review of a proposed undertaking at Golden Gate Village to determine its conformance with the Secretary of the Interior's Standards for the Treatment of Historic Properties (Standards) and its effects under Section 106. The undertaking would include the removal of three non-historic playground sets and replacement with three modern sets of playground equipment.

We have determined that the proposed undertaking conforms to the Standards and will have no adverse effect on the historic property as proposed as none of the existing playgrounds are original to the historic design. Marin County has concurred with our analysis and findings. Detailed analysis supporting this conclusion is provided in the associated Finding of Effect (FOE) Memorandum on MHA's website at: <https://www.marinhousing.org/section-106-compliance>.

Should you have comments on the proposed undertaking please submit them to Tammy Taylor, Planner with the County of Marin, at ggvpubliccomment@marincounty.org. We request your response within 30 days of the posting of this letter.

Sincerely,

Adrian Chorley
