Subject: In favor of Green Point-to BOS
Date: Monday, July 25, 2016 11:54:25 AM

Dear Kristin,

Please be advised that the Board of Supervisors should adopt post haste the community plan for Green Point, officially recognizing Green Point as the large, viable and distinct community it is. Despite being shut out officially and unofficially from the multiyear and costly process, despite having BPIC use fraud in its campaign to silence us, Green Point came out en masse in unprecedented numbers at the last BOS hearing to exhort you to put this in motion.

Green Point neighbors trusted you and believe that the split was a fait accompli. They are relying on you to complete this painful chapter and approve our separation, and community plan.

Thank you.
