AB 2011 is intended to permit residential development on sites currently zoned and designated for commercial or retail uses. AB 2011 and SB 6 were signed into law by Governor Gavin Newsom on September 29, 2022, and took effect on July 1, 2023. AB 2011 creates a CEQA-exempt, ministerial approval process for multifamily housing developments on sites within a zone where office, retail or parking are the principally permitted use. The law provides for slightly different qualifying criteria depending upon whether the project is (1) for 100-percent affordable projects or (2) for mixed-income projects located in "commercial corridors." AB 2011 projects must pay prevailing wages to construction workers, among other labor standards.

This is a preliminary list of sites that may be eligible for AB 2011 application.
