I. Executive Summary

MED-Project LLC (“MED-Project”) operates a Product Stewardship Plan for Unwanted Medicine from Households (“Plan”) in Marin County (the “County”) under the Marin County, California – Code of Ordinances, Title 7 – Health and Sanitation, Chapter 7.90 – Marin County Safe Drug Disposal Ordinance (“Ordinance”). The Marin County Environmental Health Services Division of the Community Development Agency (the “Department”) approved MED-Project’s revised Plan, dated March 14, 2020, on April 29, 2021 (“Approved Plan”). This 2022 Marin County Annual Report (“Report”) describes MED-Project’s activities between January 1, 2022, and December 31, 2022 (“Reporting Period”). All capitalized terminology not defined in this summary is derived from the Approved Plan.

MED-Project has been operating in Marin County since 2017 and has served County residents by collecting over 70,000 pounds of Unwanted Medicine. MED-Project’s outreach and education efforts have generated over 14 million impressions to County residents, stemming from its comprehensive education and outreach program.

A. Notifications in the Reporting Period

MED-Project submitted a number of change requests and notices during the Reporting Period (notices providing status updates related to the effects of the COVID-19 pandemic are discussed in the COVID-19 Pandemic-Related Notifications section below). The change requests and notices included:

- During the Reporting Period, MED-Project submitted four quarterly Mail-Back Collections reports and Service Maintenance Log reports for reporting periods in 2021 and 2022.
- On February 7, 2022, MED-Project notified the Department of the deactivation of one Kiosk Drop-Off Site in Marin County, as listed in the notification.
- On March 24, 2022, MED-Project submitted a non-substantive change notification to the Department to remove a vendor from Section X.D of the Approved Plan.
- On August 29, 2022, MED-Project submitted a non-substantive change notification to the Department to update a vendor name and add transporters and transfer facilities to Section X of the Approved Plan.
- On September 26, 2022, MED-Project notified the Department of the deactivation of one Kiosk Drop-Off Site in Marin County, as listed in the notification.
- On December 15, 2022, MED-Project submitted a non-substantive change notification to the Department, notifying the department that a vendor was no longer providing reverse distributor services under the Approved Plan.

B. COVID-19 Pandemic-Related Notifications

On January 10, 2022, MED-Project submitted an eighth and final COVID-19 pandemic response notification, which indicated that no Kiosk Drop-Off Sites or Mail-Back Distribution Locations remained restricted.

C. Reporting Period Operations Overview

During the Reporting Period, priority was given to operating Kiosk Drop-Off Sites throughout the County, and performing outreach to eligible pharmacies, hospitals, and clinics with on-site pharmacies, and Law Enforcement Agencies (“LEAs”). During the Reporting Period, the Program collected and disposed of Unwanted Medicine from 30 Kiosk Drop-Off Sites.

Kiosks were previously installed in pharmacies that met all local, state, and federal requirements and that executed agreements with MED-Project. In addition, promotional materials, including signage and/or brochures, were distributed to existing Kiosk Drop-Off Sites.

MED-Project provided disposal instructions to select Kiosk Drop-Off Sites, provided Mail-Back Services to County residents, and continues to communicate with Kiosk Drop-Off Site Hosts to distribute outreach materials upon request, review procedures as needed, and improve overall Program design.

As outlined in the Approved Plan, the ultimate goal of the Program is to provide County residents with convenient, safe, and accessible methods to dispose of Unwanted Medicine.

The following Sections of the Report respond to specific reporting requirements in Ordinance Section 7.90.110(A). Each section of the Report restates the corresponding Ordinance requirements and provides the required information. All figures are rounded to the nearest tenth place.

VI. Safety and Security Report

Ordinance Sec. 7.90.110(A)(8): *“Whether any safety or security problems occurred during collection, transportation or disposal of Unwanted Covered Drugs during the reporting period and, if so, what changes have or will be made to policies, procedures or tracking mechanisms to alleviate the problem and to improve safety and security in the future.”*

There were no safety or security problems reported during the Reporting Period.

VII. Educational Efforts and Public Outreach

Ordinance Sec. 7.90.110(A)(9): *“A description of the public education, outreach and evaluation activities implemented during the reporting period.”*

A. Public Education Activities

MED-Project provided disposal instructions for Kiosk Drop-Off Sites and Mail-Back Services offered through the Approved Plan during the Reporting Period. In addition, MED-Project maintained the MED-Project Website and Call Center to provide information pertaining to MED-Project’s available disposal options and public outreach and education materials (e.g., posters and brochures). The MED-Project Website, Call Center, and public outreach and education materials were available in the Approved Plan’s Specified Languages (English and Spanish). MED-Project’s educational materials can be translated into more than 100 languages on the MED-Project Website via a translation tool. The MED-Project Website lists all Kiosk Drop-Off Sites. MED-Project Website pages and statistics are provided in Appendices F and G, respectively. See Appendix H for examples of promotional materials, such as brochures or posters, available during the Reporting Period.

B. Outreach Activities

To promote the Program during the Reporting Period, MED-Project provided print, digital, radio, and television campaigns; provided information through the MED-Project Website; posted information on social media sites; and sent email blasts. Additionally, MED-Project distributed outreach materials (brochures and posters) to Kiosk Drop-Off Sites. Appendix I provides distribution information for promotional materials such as brochures and posters. A list of the social media and email outreach promotion activities is provided in Appendix J. The reach percentage and frequency for each media activity is provided in the Multimedia Outreach Summary detailed in Appendix K.

MED-Project released a Public Service Announcement (“PSA”) animation directed at County residents through social media sites, digital media, and television platforms.

C. Evaluation Activities

Consistent with Ordinance Section 7.90.100(A)(4), MED-Project will conduct the third biennial survey in 2023.

MED-Project will continue to evaluate media and public outreach as well as collect feedback by surveys in order to identify and make adjustments to the Program. Additionally, MED-Project may revise and/or add communications materials based on changes to the Approved Plan, as needed.

VIII. Packaging Recycling

Ordinance Sec. 7.90.110(A)(10): “A description of how collected packaging was recycled to the extent feasible, including the recycling facility or facilities used.”

As described in the Approved Plan, while drug packaging is expected to constitute a significant amount of the waste incinerated under the Program, MED-Project has concluded that separation of inner and/or outer packaging from Unwanted Medicine and/or recycling of packaging would raise three significant concerns:

1. Separating and recycling drug packaging could result in the disclosure of confidential patient information appearing on prescription drug packaging;
2. Separating and recycling drug packaging could increase the potential for releases and leakage of Unwanted Medicine; and
3. Separating and recycling drug packaging could increase diversion risk by adding additional steps to the collection process and, because drug packaging is often used in drug counterfeiting, the drug packaging could be a diversion target itself.

For these reasons, the Program does not provide for the separation and recycling of packaging from Unwanted Medicine.

MED-Project education and outreach materials instruct County residents to return Unwanted Medicine at a Kiosk Drop-Off Site, via Mail-Back Services, or at Take-Back Events, in the original containers or in sealed bags. These materials encourage County residents who transfer their Unwanted Medicine in sealed bags to recycle all remaining packaging.

IX. Program Goals

Ordinance Sec. 7.90.110(A)(11): *“A summary of the Stewardship Plan’s goals, the degree of success in meeting those goals in the past year, and, if any goals have not been met, what effort will be made to achieve the goals in the next year.”*

A. Collection Goals

As described in the Approved Plan Section VI, MED-Project met the long-term goal of increasing reliance on established Kiosk Drop-Off Sites.

As outlined in the Approved Plan, MED-Project set a collection expectation of 12,000 pounds for the 2018 reporting period. MED-Project exceeded the 2018 collection goal during the Reporting Period. Specific details on Unwanted Medicine collection through Kiosk Drop-Off Sites is available in Section III: Collection Method and Weights, of this Report. MED-Project will evaluate future collection goals as part of the next Plan update.

MED-Project met the service convenience goal in Ordinance Section 7.90.080(B)(1) during the Reporting Period through the established 30 Kiosk Drop-Off Sites as provided in Appendix B: Kiosk Drop-Off Sites. Figure 1 provides a visual representation of how MED-Project met the service convenience goal during the Reporting Period through established Kiosk Drop-Off Sites.

B. Public Outreach and Education Goals

MED-Project’s long-term goals in the Approved Plan include evaluating media and public outreach and education efforts and collecting feedback through biennial surveys in order to make adjustments and improvements to the Program. Consistent with Ordinance Section 7.90.100(A)(4), MED-Project will conduct the third biennial survey in 2023.

MED-Project will continue to evaluate media and public outreach as well as collect feedback by surveys in order to identify and make adjustments and improvements to the Program. Additionally, MED-Project may revise and/or add communications materials based on changes to the Approved Plan, as needed. For more information, refer to section VII of this Report. MED-Project’s long-term goals also include revising and/or adding communications materials as needed. MED-Project adjusted outreach activities to focus on digital and social media channels for a more inclusive reach of County residents and effective communications.

C. Collector Outreach

The Approved Plan's long-term goals for collector outreach were to communicate with pharmacies and LEAs and to evaluate Kiosk Drop Sites against the service convenience requirement. MED-Project continued collector outreach by issuing letters to all potential Kiosk Drop-Off Sites on June 10, 2022.

X. Program Costs

Ordinance Sec. 7.90.110(A)(12): *“The total expenditures of the Stewardship Plan during the reporting period.”*

The total Program cost for the Reporting Period was \$283,441.70

In-Home Disposal

If no disposal instructions are given on the drug labeling and no take-back program is available in your area, throw the drugs in the household trash following these steps:

1. Remove them from their original containers and mix them with an undesirable substance, such as used coffee grounds, dirt, or kitty litter (this makes the drug less appealing to children and pets, and unrecognizable to people who may intentionally go through the trash seeking drugs).
2. Place the mixture in a sealable bag, empty can, or other container to prevent the drug from leaking or breaking out of a garbage bag.

Do not flush any medication down the sink or toilet unless the information on the packaging specifically instructs you to do so. Never place sharps in the trash or recycling, and never flush them down the toilet. Disposing of sharps in the trash or recycling may put trash and sewage workers, janitors, housekeepers, household members, and children at risk of being harmed.

ELIMINACIÓN SEGURA DE MEDICAMENTOS CADUCADOS O NO DESEADOS

Existen varias maneras de deshacerse de los medicamentos caducados o no deseados.

Si desea obtener más información acerca del programa MED-Project, visite www.med-project.org o llame al 1 (844) MED-PROJECT 1-(844)-633-7765 (TTY: 711).

Si tiene medicamentos caducados o no deseados, es fácil desecharlos correctamente. Para proteger su privacidad, se les recuerda a los pacientes que eliminen toda la información de identificación personal de las etiquetas o los envases de los medicamentos antes de desechar los medicamentos no deseados.

4 TAKE-BACK EVENTS

Los programas locales de reciclaje ofrecen a los residentes una manera gratuita y conveniente de eliminar los medicamentos caducados o no deseados. Para obtener información sobre los eventos en su área, visite la sección de Programas de reciclaje en www.med-project.org

5 ELIMINACIÓN DOMICILIARIA

1. Quite los medicamentos de su envase original y mézclelos con una sustancia indeseable, como por ejemplo desechos de café, suciedad o las piedras sanitarias para gatos.
2. Coloque la mezcla en una bolsa con cierre hermético, una lata vacía u otro recipiente para evitar que el medicamento se filtre o se salga de la bolsa de basura.

Para proteger su privacidad, se les recuerda a los pacientes que eliminen toda la información de identificación personal de las etiquetas o los envases de los medicamentos antes de desechar los medicamentos no deseados.
