ARGUMENT IN FAVOR OF MEASURE G

Marinwood Community Services District needs the community's support!

For many years, the Marinwood CSD has increased Fire, Park, and Recreation services while maintaining a balanced budget and the community benefited from living in safe neighborhoods with amenities too numerous to list.

Unfortunately, the District begins this fiscal year with a \$350,000 deficit. The principal cause of this financial crisis is Reduced Income, most notably San Rafael's discontinuation of a contract with the Marinwood FD and reduced property taxes. The 20-year San Rafael agreement, which brought the District \$300,000, was a victim of the City's financial struggles. Additionally, our share of the County's property tax revenues that funds much of the District operations has declined by about 5% since 2009 – a reduction of over \$73,000. Following an unsuccessful attempt to negotiate an equitable agreement with San Rafael, the community has made it clear to the CSD Board that it wants to preserve its own, locally controlled, Fire Department.

Rising costs also pressure the District. We have taken steps to reduce employee costs, even though our firefighters are among the lowest paid in Marin County. The retirement plan for new hires in the Fire Department has been reduced and the District is presently working on cost reductions in employee benefits District-wide.

Cost reduction is only a part of the solution. There is not enough to be saved in personnel costs, services, and supplies to fill the gap of lost revenue, much less to fund future capital equipment replacements, such as a fire engine, and major maintenance. After much deliberation, the CSD acknowledges that in the next year either increased revenue from this Special Tax for Fire Protection or dramatic cuts in services will be required.

We urge you to vote Yes on Measure G!
