CORTE MADERA CREEK MULTI-USE PATH OPENS

San Rafael, CA – The Corte Madera Creek Multi-Use Path will reopen on February 4. The path has been closed since September 2010 for emergency work and for work related to the Ross Valley Sanitary District's Kentfield Force Main Project. Because additional work will be required to complete the project, the path will be closed to the public again this summer. The actual closure date will be announced at a later time. The project is expected to be completed by fall 2011. The path will re-open after the Kentfield Force Main Project has been completed. Neither agency anticipates further path closures.
