

# RECYCLING CONSTRUCTION AND DEMOLITION (C&D) MATERIALS IS REQUIRED

Project Name:

Project Location:

Building Permit #:

Project Sq. Ft:

Owner Name:

Contractor Name:

Telephone:

Telephone:

## EASY METHOD

### STEP 1

Project owners, contractors or other permit applicants must complete this form and sign below.

### STEP 2

Self-haul or have your debris box hauler deliver C&D materials to a Certified Facility for recycling.

### STEP 3

Collect receipts for all loads, staple them to Form B, and turn the completed form in prior to final inspection.

## MAKE C&D RECYCLING FOR YOUR PROJECT EASY:

- **Reuse and/or deconstruct first:**  
Visit [zerowastemarin.org/businesses/certified-construction-and-demolition-facilities/](http://zerowastemarin.org/businesses/certified-construction-and-demolition-facilities/) for more details.
- **Direct all C&D materials to a Certified Facility:** see Form B for details.
- **Save documentation of recycling and submit prior to final inspection:** see Form B for details.

I certify under penalty of perjury that I will recycle C&D materials from my project via (select one):

- THE EASY METHOD:** As described above. Direct C&D materials to a Certified Facility (listed on Form B) and submit documentation of recycling prior to final inspection; or
- THE ADVANCED METHOD:** Don't use Certified Facilities. Ensure and prove recycling of C&D materials via other means. Requires submittal of detailed information, careful tracking of all materials generated by your project, and submittal of documentation of recycling prior to final inspection.
