**COUNTY COUNSEL'S IMPARTIAL ANALYSIS OF
MEASURE Q**

**MARINWOOD COMMUNITY SERVICES DISTRICT
SPECIAL TAX INCREASE**

If this measure is approved by a two-thirds vote, the Marinwood Community Services District would be authorized to increase the existing special tax for paramedic services by up to twenty-three dollars (\$23) to a maximum of one hundred eight dollars (\$108) for each residential unit and by three cents (\$0.03) to a maximum of fourteen cents (\$0.14) per square foot for non-residential structures, and the District's appropriations limit would be increased by an amount equal to the proceeds of the special tax.

ARGUMENT IN FAVOR OF MEASURE Q

For thirty years, Marinwood Community Services District, along with other unincorporated County areas, has participated in paramedic services provided by San Rafael. In 1979, Marinwood residents voted to tax themselves to fully fund participation in the paramedic program, and every four years since, the tax has been re-authorized and increased to keep pace with costs and increases in the level of service. The current tax will expire in July of 2011.

Since the paramedic service was initiated in 1980, there has been significant increase in emergency calls for paramedic service. In 2009 alone, paramedics responded to over 5,000 calls, over 300 in Marinwood. Your approval of Measure Q is needed to keep the paramedic program in place and to meet the costs associated with increased service and increased costs for fuel, supplies, equipment and wages.

Measure Q will increase the annual maximum tax rate to \$108.00 for residential units and to 14 cents per square foot for non-residential structures. The actual annual tax amount will be based on actual costs, not the maximum tax, but in any case cannot exceed the \$108.00 maximum and cannot exceed the cost of providing the service.

The proceeds from this tax can only be spent on the paramedic program, and they are audited annually.

A YES vote on Measure Q will ensure that all households continue to receive the protections and benefits of this vital life-saving service. **The Approval of two-thirds of those voting is required to pass this measure.**

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE Q

The proponents of the Argument in Favor of Measure Q incorrectly state that this tax increase is necessary to retain Marinwood's paramedic service. This is wrong: **the paramedic service is already funded through July 2011.**

This is not a vote against firemen or paramedics who continue to provide invaluable service to all of us. It is a vote against greedy politicians who are grasping at every opportunity to tax a small district like Marinwood to balance their budget.

San Rafael currently contracts with Marinwood Fire Department to provide service to Mont Marin, San Rafael Park, Smith Ranch Retirement Community, Northgate Industrial Park and other north San Rafael locations. San Rafael refuses to reimburse Marinwood fairly for these services. They refuse to use the same economic formula to calculate their reimbursement to Marinwood as they use to calculate Marinwood's reimbursement to them for paramedic services. This underpayment for services they receive results in each Marinwood residence subsidizing San Rafael to the tune of roughly \$275 every year.

And they don't care what we think because we can't vote in San Rafael elections!

This tax increase is unjustified and unfair.

ARGUMENT AGAINST MEASURE Q

Once again, the City of San Rafael wants to alleviate their self-induced fire department budget problems by digging even deeper into the pockets of Marinwood residents. Each Marinwood residence currently subsidizes San Rafael to the tune of roughly \$275 every year because of the refusal of San Rafael to fairly compensate the Marinwood Fire Department for services to North San Rafael.

This new tax increase is neither needed nor justified.

Do not be misled by San Rafael's emotional arguments. Defeat of this measure will have absolutely no effect on the quality or level of paramedic service. More importantly, neither will passage! If passed our tax rate will increase almost 25% to the highest in the County and the entire Bay Area.

There has been no real opportunity for Marinwood to participate in developing the "budget" that magically attempts to justify the increase. San Rafael simply tells our District Board of Directors what the increase is going to be and then says "take it or leave it".

San Rafael can do this because they have an exclusive state franchise to provide paramedic services and thus there is no competition.

It appears that our own Community Services District Board does not support this measure, given that they had the opportunity to support it at a noticed public meeting but failed to do so and individual members have expressed personal opposition.

As former long time directors of our District Board, involved community members and long time residents, we urge everyone to ask questions, analyze the budget, not be swayed by false emotional arguments and to vote "NO" on Measure Q. This is not a vote against paramedic service or firefighters but against another unwarranted tax increase by an agency (San Rafael) who is using their position to take further advantage of Marinwood.

REBUTTAL TO ARGUMENT AGAINST MEASURE Q

The City of San Rafael does compensate the Marinwood Community Services District for providing fire department emergency response services in Northern San Rafael. This amount is negotiated by the Marinwood Board of Directors and is deemed acceptable. In exchange, San Rafael also provides all of their department resources for large scale incidents in Marinwood and CSA 13. Cost increases for the paramedic tax were presented and justified at the annual paramedic budget meeting to service area representatives, including Marinwood CSD Board Members. Increased costs as well as service level enhancements throughout the service area were reasons noted for the increase.
