County of Marin

Dear Marin County Community Members:

I am pleased to present our FY 2008-09 Proposed Budget-in-Brief. This document provides a summary of the fiscal year beginning July 1, 2008 and ending June 30, 2009. The County's \$431 million budget is balanced and will fund County services, capital investments and reserves.

We, like many counties are experiencing tough choices in order to live within our available resources. This budget represents the first step in a longer process to establish a structurally-balanced budget. The Proposed Budget is guided by the County's mission, community priorities, and state law. As good stewards we have reduced expenditures by \$4.7 million in order to live within our means, including reducing 30 vacant positions. I am confident the County will continue working together to address these challenges and continue to allocate your tax dollars in the most effective and efficient manner.

Your County government provides a wide range of important services every day, such as public health services, cultural and recreational facilities, and community safety programs. For example, the County conducts elections for local, state, and federal offices, maintains over 15,000 acres of open space lands, and provides law enforcement and emergency response services for unincorporated areas. We are focused on maintaining a high level of service as we find ways to reduce costs through the most proficient use of resources. Our 2,189 employees are committed to providing excellent services to improve the lives of our residents, businesses, and visitors.

I encourage you to learn more about the incredible breadth of services that your County government provides. There are many ways to find out more and get involved in County government, including volunteering through the Civic Center volunteers program, participating on an advisory board or commission, joining the County workforce, and attending a Board of Supervisors meeting (or watching online via streaming video at www.co.marin.ca.us/bos). To learn more about these opportunities, please visit the County's website at www.co.marin.ca.us.

Thank you for your interest and support.

Sincerely,

A handwritten signature in blue ink, reading "Matthew H. Hymel".

Matthew H. Hymel
County Administrator

County Overview

The County's Mission identifies the overall purpose of Marin County government and demonstrates the County's commitment to supporting healthy, safe, and sustainable communities and encouraging thoughtful input of all residents. Following the adoption of the County's Mission in 2000, the County created a Strategic Plan to guide the development of the County organization.

The Countywide Goals are based on the County's Mission and Strategic Plan and articulate specific community and organizational goals of County government. These goals represent priorities for County government in order to develop an effective organization that provides high-quality services to the community.

MISSION	The mission of the County of Marin is to provide excellent services that support healthy, safe and sustainable communities; preserve Marin's unique environmental heritage; and encourage meaningful participation in the governance of the County by all.
