COUNTY OF MARIN

ANNUAL
LIVESTOCK AND AGRICULTURAL CROP REPORT
1967

Hon. Earl Coke
Director of Agriculture
Sacramento, California

The Board of Supervisors
Marin County
San Rafael, California

Gentlemen:

As required by Section 2279 of the California Agricultural Code, I, herewith submit the 1967 Annual Livestock and Agricultural Crop Report for the County of Marin.

The combined livestock industry continues to represent about 90% of the total gross agricultural value of the county, of which nearly 73% is derived from milk production alone.

Certain categories are combined where the production is either of minor importance or it is necessary to protect the interest of producers of entire crops. The retail sales figure in nursery production is for informative purposes only and is not included in production totals.

The figures presented in this report represent the gross value of agricultural production and do not reflect net income to the growers.

I wish to express my appreciation to the farmers, producers and Farm Advisor of the county for their cooperation and the personnel of the department instrumental in gathering and compiling the information contained herein.

Respectfully submitted,

[Signature]
Richard T. Straw
Agricultural Commissioner
