**Project Title:** PG&E Utility Weather Stations

**Project Location:** APNs: 197-120-30 & 197-120-40

**Project Location – County:** Marin

**Project Description:** The project will provide Pacific Gas and Electric the right under license agreement to install three (3) pole type weather stations at three (3) different locations on Marin Water Watershed for the purposes of PG&E Public Safety Power Shutoff.

The locations involved are shown in Figure 1.

**Public Agency Approving Project:** Marin Municipal Water District

**Name of Person or Agency Carrying Out Project:** Marin Municipal Water District

**CEQA Exemption Status:** Statutory Exemption Section 15268(a), Ministerial Projects; Categorical Exemption Section 15303(e), New Construction or Conversion of Small Structures.

**Reason for Exemption:** The project qualifies for Statutory Exemption pursuant to Section 15268(a), inasmuch as determination of this ministerial action can most appropriately be made by the particular public agency involved based upon its analysis of its own laws, and each public agency should make such determination either as a part of its implementing regulations or on a case-by-case basis.

The project qualifies for Categorical Exemption pursuant to Section 15303(e), inasmuch as it consists of construction of limited numbers of new small facilities or structure involving the installation of three pole type weather stations within Marin Water property.

**Project Approval:** The Marin Municipal Water District Board of Directors approved the License Agreement, which represents approval as defined by Section 15352 of the Guidelines for Implementation of the California Environmental Quality Act, at their regularly scheduled meeting on June 7, 2022.
