Project Title: Rotary Manor Culvert Replacement Project

Project Applicant: City of San Rafael Department of Public Works

Project Location (include county): Southeast yard of the Rotary Manor property at 1821 Fifth Avenue in the City of San Rafael, Marin County.

Project Description:

The project would involve replacing an existing corroded corrugated metal pipe (CMP) with a new reinforced concrete box culvert (RCB) in the southeast yard of Rotary Manor along Fifth Avenue. The replacement would require relocation of an underground PG&E gas pipeline and diversion and/or bypass pumping of surface and groundwater around the project site, and sawcut and partial demolition of the existing downstream endwall. Approximately 45 linear feet of eight by six feet RCB culvert would be installed, and concrete would be formed and poured at the hinge point interface between the existing and new culverts and between the new RCB and existing endwall. Backfill of the culvert trench would utilize concrete slurry, native paved backfill material, and planting soil. After installation, the existing trellis would be rebuilt and landscaping, and irrigation systems would be restored in the southeast yard.

This is to advise that the City of San Rafael has approved the above (Lead Agency or Responsible Agency)

described project on 12/5/2022 and has made the following determinations regarding the above described project.

- 1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
