## Reasons why project is exempt:

As identified in Attachment 1, the project is consistent with the provisions of a Common Sense Exemption (Section 15061), Class 1 Exemption (Section 15301), Class 2 Exemption (Section 15302), Class 4 Exemption (Section 15304), and Class 31 Exemption (Section 15331). The project would be limited to rehabilitation of an existing affordable housing development and would not extend into any natural, scenic, or otherwise environmentally sensitive areas. The project would not result in a new or substantially expanded use at the site that could result in significant cumulative impacts. Further, the project site is not located on a listed hazardous waste site and there are no historical resources located on-site. Therefore, the project would not result in a significant effect that could constitute an exception to a Categorical Exemption pursuant to State CEQA Guidelines Section 15300.2. Lastly, the project is ministerially exempt from the requirements of CEQA through Section 15268, due to the absence of any discretionary provision.
