(include county): 240 Tamal Vista Boulevard, Marin County

Project Description: Design Review to allow for a multi-family residential development at 240 Tamal Vista Boulevard. The residential development is approximately 226,500 square feet and includes 99 multi-family units, which would be 100% deed-restricted affordable for lower-income families. The applicant has requested one concession and six development standard waivers. In 2023, the Town adopted a Subsequent Environmental Impact Report ("SEIR") for its Sixth Cycle Housing Element Update, which considered a new multifamily development on this project site. The Town prepared an Initial Study to evaluate any new impacts arising from changes to the project since the SEIR and the extent of environmental review necessary for the project under applicable CEQA Guidelines. The Planning Division determined that an additional SEIR is not required pursuant to Section 15162. The project was approved by the Planning Commission on April 22, 2025. The Planning Commission's decision was appealed. The Town Council considered an Addendum to the SEIR describing the findings of the Initial Study, in addition to the SEIR itself, at the appeal hearing on May 14, 2025.
