Re: Marin Airporter Application No. 23-06-014 at the Public Utilities Commission of the State of California

Dear Ms. Scott:

Pursuant to Rule 3.2(b) of the Rules of Practice and Procedure of the California Public Utilities Commission ("Commission"), Marin Airporter hereby notifies the County of Marin that on June 19, 2023, Marin Airporter filed Application No. 23-06-014 at the California Public Utilities Commission seeking authority to modify its passenger fares for its scheduled passenger stage service between points adjacent to Highway 101 in Marin County and the San Francisco International Airport.

The application requests authority to increase its base one-way passenger fare by 25.9%, from \$27 to \$34, and to expand its existing Zone of Rate Freedom ("ZORF") for one-way passenger fares from \$5 to \$7 above and below the proposed new base fare (\$27 to \$41). Marin Airporter also seeks authorization to increase the base price for its 30-ticket commuter ticket books from \$275 to \$375 and decrease its existing ZORF for the ticket books to 40% above and below the proposed new base fare (\$225 to \$525). A copy of the application is available at:
