The County of Marin is committed to encouraging new grant applicants. Please call us at 473-6698 for advice about our requirements and what to emphasize in your application, and consider attending one of our informational workshops. HUD requires that all CDBG projects engage in affirmative marketing. That means analyzing which demographic groups are least likely to apply and taking extra steps to market the program or project to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. The goals of affirmative marketing are to enhance neighborhood diversity and to support the County's commitment to affirmatively furthering fair housing and equal opportunity.

The concept of fair housing encompasses both federal and state laws that prohibit housing discrimination. The federal Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including pregnancy and the presence of children), and disability. In addition, state law prohibits housing discrimination on the basis of age, ancestry, marital status, medical condition, source of income, sexual orientation, gender expression, gender identity, and many other categories.

- 4. Project Location: (Precise street address). For housing and capital projects, include the year the building was constructed and the Assessor's Parcel Number. # D12-023-18 Year buit: 1927 108 Spring Grove, San Rafael, CA 94903
- **Project Description:** Horizon House is a group home for 5 adults with mental illness, Buckelew Programs staff provides independent living support services. Without this home, and the support provided by staff, these disabled Marin County residents would likely be living in an institution, or on the street. Horizon House is in need of exterior painting and a bathroom remodel.
- 6. Total Project Cost: (Include all costs for this particular project regardless of source.) \$14,620

7. Project Budget for CDBG Funds:

Budget <u>must</u> include an itemized estimate of how you would spend the CDBG amount you are requesting, as accurate and comprehensive as possible. For example, land or building acquisition costs, construction costs, remodeling costs, architectural and engineering fees, salaries, administrative expenses, etc. For rehabilitation or construction projects, you must include a contractor's written bid or other equally reliable cost estimate, using Davis-Bacon wage rates if applicable. If your project includes residential rehabilitation, describe your plans to comply with federal lead paint regulations.

Item	Estimated Cost
Exterior paint job	\$6,385
Bathroom remodel	\$8,235

(See attached bids for details)

8. Other Sources of Funds for this Project: Include amount, source, use, status, and timing of funds other than CDBG funds, if applicable. Have you applied for the other funds? Are the other funds firmly committed for this project?

<u>Source</u>	<u>Use</u>	<u>Amount</u>	Date You Applied	Are Funds Committed?	Date Funds Were Committed	When <u>Available</u>
None						

9. Project Implementation:

Who will be responsible for implementing the project? How will it be implemented and what is the proposed schedule for project implementation?

The project will be supervised and implemented by Jeff Helvig, Team Leader. Work can start as soon as funding is received.

10. Need for the Project:

A. Need Group

What groups or individuals will benefit from the project? What income level will you serve? How will you document eligibility? CDBG recipients are required to provide documentation that the majority of the users have incomes at or below the CDBG income limits. The current upper income limits for CDBG beneficiaries are shown in the table below. Applicants for housing funds must describe how the project will ensure long-term affordability.

All residents are referred through Marin Community Mental Health Services; they are disabled, have income at or below 30% of median income and meet CDBG income limits. Their income is documented in their resident file. Most have SSI as their only source of income, which currently amounts to approximately \$1,086 monthly – less than 20% of Marin County's median household income, based on 2010 data. Long-term affordability for this project is assured through State and Federal mental health funding, associated by Community Mental Health Services.

Household	Income
Size	Limit
1	\$59,100
2	67,550
3	76,000
4	84,400
5	91,200
6	97,950
7	104,700

8	111,450

B. Project Rationale: Why is this project needed? Will it assist an especially needy or underserved group?

By maintaining homes for the disabled in residential neighborhoods, Buckelew Programs is sustaining a housing pattern that allows low income, mentally disabled residents to live in neighborhoods they would not generally have access to or be able to afford on their own, creating a more fair and balanced residential mix and facilitating community integration of those with severe and persistent mental illness. Many of our residents would be homeless or in an institution if not for Buckelew housing and support services.

C. <u>Equal Opportunity:</u> For all projects, which demographic groups are least likely to apply, and what affirmative marketing steps do you plan to reach them? (Affirmative marketing means analyzing which demographic groups are least likely to apply and taking extra steps to market the program to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. Be sure to consider race, ethnicity, and disability, as well as other demographic factors, in your analysis.)

Community Mental Health Services (CMHS) monitors the demographics (resident, applicant, census data) of the market area to track race, ethnicity, religion or persons with disabilities for purposes of low-income housing units. They determine if the population least likely to apply for housing is the population identified, then provide advertising most applicable to the demographic groups, and make changes when applicable. According to CMHS's Mental Health Services Act (MHSA) Community Supports and Services Plan (2006), one of the goals of the MHSA is to increase "outreach and expansion of services to client populations in order to eliminate ethnic disparities and expand access to unserved and underserved individuals". The Latino population has been identified as the largest underserved group in Marin County, and "various strategies such as increased and strategic deployment of bilingual and bicultural staff, cultural competency training and targeted programming have been effective in increasing access to services." For instance, "it is known that many Latinos seek services for mental health problems from primary care health care providers rather than from mental health providers. New strategies such as contracting with Latino-serving organizations for outreach and engagement and providing mental health services within the Latino community, offer promise for better access." Together with its partner CMHS, Buckelew Programs continues to increase the cultural competence of our workforce through training and targeted job posting for hiring more bilingual/bicultural staff, in order to achieve a higher penetration rate and more adequately serve Latino clients in our housing programs. (Source:http://www.co.marin.ca.us/depts/HH/main/mh/mhsa_css/CSS_State_version_of_Plan.pdf)

The most recent MHSA update (FY 2013-2014) states:

"The Mental Health Services Act is intended to expand and transform community mental health services throughout California, with an emphasis on serving communities that are currently un- or underserved. During Marin's 2004 MHSA planning process the adult Latino population was identified as the most un/underserved by existing County mental health services. Asian Pacific Islanders were also categorized as underserved. Other identified underserved populations included older adults, transition aged youth (16-25 years old) and persons living in West Marin. Populations were designated underserved based on their proportionate use of Medi-Cal services relative to their presence in the Marin County safety net population. Designation of un/underserved populations takes into consideration the portion of Marin residents who are eligible for County mental health services, best represented by the "Medi-Cal Beneficiaries" column on the following table.

Overall, since the implementation of MHSA programs the rate of services provided by the County Mental Health has increased substantially for the Latino population, youth and older adults."

(Source: http://www.marinhhs.org/sites/default/files/libraries/2013_08/06182013_mhsus_mhsa_fy13-14_annual_update.pdf)

If this project involves housing, how will it affirmatively further fair housing? See above. In addition, by maintaining homes for the disabled in residential neighborhoods, Buckelew Programs is sustaining a housing pattern that allows low income, mentally disabled residents to live in neighborhoods they would not generally have access to or be able to afford on their own, creating a more fair and balanced residential mix and facilitating community integration of those with severe and persistent mental illness. Staff also regularly attend trainings at Fair Housing Marin to stay current on laws and regulations.

If this project involves housing, how will it affirmatively further fair housing?

See above. In addition, by maintaining homes for the disabled in residential neighborhoods, Buckelew Programs is sustaining a housing pattern that allows low income, mentally disabled residents to live in neighborhoods they would not generally have access to or be able to afford on their own, creating a more fair and balanced residential mix and facilitating community integration of those with severe and persistent mental illness. Staff also regularly attend trainings at Fair Housing Marin to stay current on laws and regulations.

If this project involves construction, discuss (1) your plans for recruiting women- and minority-owned firms to bid on the design and development of this project, and (2) your plans to provide employment opportunities to low-income people and businesses owned by low-income people. We will research all women- and minority-owned construction firms in the surrounding area and notify them that bids are being sought for the project.

- D. <u>Accessibility</u>: What steps are you taking to make this project (and your overall program) accessible to people with physical and other disabilities? 100% of Buckelew's clients have mental health disabilities. Reasonable accommodation will be made to clients with other disabilities.
- E. <u>Green Building:</u> For new construction or rehabilitation, what will you do to incorporate "green building" principles? Green building techniques will be utilized wherever possible
 - o For further information, please call Roy Bateman (473-6698). It's ok to call with any questions at any time.
 - The current year's application form must be used.
 - o Completed applications may be mailed or hand-delivered to the Federal Grants Division, Marin County Community Development Agency, 3501 Civic Center Drive, Room 308, San Rafael, CA 94903-4157.
 - Applications sent by fax or e-mail will not be accepted.
 - This form can be expanded to accommodate additional text, but we encourage you to be brief. You may attach supplementary material. If you need more space for several questions, please answer all questions in sequence. If you'd like to download this form as a Microsoft Word document, visit www.marincdbg.com or www.co.marin.ca.us/depts/CD/main/comdev/FEDERAL/index.cfm.
 - o Don't forget to fill out the Organization Profile form.
 - All County publications are available in alternative formats (Braille, large print, or CD) upon request. Requests for accommodations may be made by calling (415) 473-4381 (Voice), 473-3232 (TDD/TTY), or by e-mail at disabilityaccess@marincounty.org. This form and other County documents are available in alternative formats upon request.

DEADLINE: APPLICATIONS MUST BE RECEIVED BY FRIDAY, DECEMBER 13, 2013, AT 5 P.M.

Remember that we don't accept e-mailed or faxed applications.

Organization Profile - 2014-15 Data Collection Pilot

The County of Marin is interested in more deeply understanding the population demographics of those who staff, govern and/or utilize the services of Community Development Block Grant (CDBG) and HOME Program grantee and applicant organizations. More deeply understanding these demographics will address some of the topics highlighted in the 2011 Analysis of Impediments to Fair Housing in Marin.

The data gathered on this form will NOT determine an organization's likelihood to receive CDBG or HOME funding. If you do not collect or do not wish to share the demographic information requested, please check the appropriate box below. We hope you will be able to participate in this pilot project. If you have completed a similar organization profile form when applying for foundation grants in Marin, feel free to use the information collected for those forms if submitted within the last 12 months.

□ Please send by mail.

The County of Marin is committed to encouraging new grant applicants. Please call us at 473-6698 for advice about our requirements and what to emphasize in your application, and consider attending one of our informational workshops. HUD requires that all CDBG projects engage in affirmative marketing. That means analyzing which demographic groups are least likely to apply and taking extra steps to market the program or project to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. The goals of affirmative marketing are to enhance neighborhood diversity and to support the County's commitment to affirmatively furthering fair housing and equal opportunity.

The concept of fair housing encompasses both federal and state laws that prohibit housing discrimination. The federal Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including pregnancy and the presence of children), and disability. In addition, state law prohibits housing discrimination on the basis of age, ancestry, marital status, medical condition, source of income, sexual orientation, gender expression, gender identity, and many other categories.

- **4**. **Project Location:** (<u>Precise</u> street address). For housing and capital projects, include the year the building was constructed and the Assessor's Parcel Number.
- 7 Washington Street, San Rafael, CA 94903. Year of construction: 1968. Parcel #: 179-172-09
- 5. Project Description: Lakeside House is a 6 bed group home that provides semi-independent living for Marin County adults with severe and persistent mental illness. All clients have incomes at or below the poverty level. The house is in need of extensive renovations, including the following:
- Window replacement
- Pave existing gravel drive way
- Landscape front yard for curb appeal
- Replace sewer line
- Replace carpets
- Exterior paint for main house and outbuilding
- Paint Master Bedroom

6. Total Project Cost: (Include all costs for <u>this</u> particular project <u>regardless of source</u>.) \$33,077

7. Project Budget for CDBG Funds:

Budget <u>must</u> include an itemized estimate of how you would spend the CDBG amount you are requesting, as accurate and comprehensive as possible. For example, land or building acquisition costs, construction costs, remodeling costs, architectural and engineering fees, salaries, administrative expenses, etc. For rehabilitation or construction projects, you must include a contractor's written bid or other equally reliable cost estimate, using Davis-Bacon wage rates if applicable. If your project includes residential rehabilitation, describe your plans to comply with federal lead paint regulations.

Item	Estimated Cost
Window replacement	\$9,810
Driveway and yard improvements	\$7,420
Carpet replacement	\$6,700
Exterior paint main house and outbldg.	\$5,920
Sewer repairs	\$2,777
Paint Master Bedroom	\$450

(See attached bids for details)

8. Other Sources of Funds for this Project: Include amount, source, use, status, and timing of funds other than CDBG funds, if applicable. Have you applied for the other funds? Are the other funds firmly committed for this project?

Source	<u>Use</u>	<u>Amount</u>	Date You <u>Applied</u>	Are Funds Committed?	Date Funds Were Committed	When <u>Available</u>
None						

9. Project Implementation:

Who will be responsible for implementing the project? How will it be implemented and what is the proposed schedule for project implementation?

The project will be supervised and implemented by Elaine Purcell, Team Leader. Work can start as soon as funding is received.

10. Need for the Project:

A. Need Group

What groups or individuals will benefit from the project? What income level will you serve? How will you document eligibility? CDBG recipients are required to provide documentation that the majority of the users have incomes at or below the CDBG income limits. The current upper income limits for CDBG beneficiaries are shown in the table below. Applicants for housing funds must describe how the project will ensure long-term affordability.

All residents are referred through Marin Community Mental Health Services; they are disabled, have income at or below 30% of median income and meet CDBG income limits. Their income is documented in their resident file. Most have SSI as their only source of income, which currently amounts to approximately \$1,086 monthly – less than 20% of Marin County's median household income, based on 2010 data. Long-term affordability for this project is assured through State and Federal mental health funding, associated by Community Mental Health Services.

Household	Income
Size	Limit
1	\$59,100
2	67,550
3	76,000

4	84,400
5	91,200
6	97,950
7	104,700
8	111,450

B. Project Rationale: Why is this project needed? Will it assist an especially needy or underserved group?

By maintaining homes for the disabled in residential neighborhoods, Buckelew Programs is sustaining a housing pattern that allows low income, mentally disabled residents to live in neighborhoods they would not generally have access to or be able to afford on their own, creating a more fair and balanced residential mix and facilitating community integration of those with severe and persistent mental illness. Many of our residents would be homeless or in an institution if not for Buckelew housing and support services.

C. Equal Opportunity: For all projects, which demographic groups are least likely to apply, and what affirmative marketing steps do you plan to reach them? (Affirmative marketing means analyzing which demographic groups are least likely to apply and taking extra steps to market the program to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. Be sure to consider race, ethnicity, and disability, as well as other demographic factors, in your analysis.)

Community Mental Health Services (CMHS) monitors the demographics (resident, applicant, census data) of the market area to track race, ethnicity, religion or persons with disabilities for purposes of low-income housing units. They determine if the population least likely to apply for housing is the population identified, then provide advertising most applicable to the demographic groups, and make changes when applicable. According to CMHS's Mental Health Services Act (MHSA) Community Supports and Services Plan (2006), one of the goals of the MHSA is to increase "outreach and expansion of services to client populations in order to eliminate ethnic disparities and expand access to unserved and underserved individuals". The Latino population has been identified as the largest underserved group in Marin County, and "various strategies such as increased and strategic deployment of bilingual and bicultural staff, cultural competency training and targeted programming have been effective in increasing access to services." For instance, "it is known that many Latinos seek services for mental health problems from primary care health care providers rather than from mental health providers. New strategies such as contracting with Latino-serving organizations for outreach and engagement and providing mental health services within the Latino community, offer promise for better access." Together with its partner CMHS, Buckelew Programs continues to increase the cultural competence of our workforce through training and targeted job posting for hiring more bilingual/bicultural staff, in order to achieve a higher penetration rate and more adequately serve Latino clients in our housing programs. (Source:http://www.co.marin.ca.us/depts/HH/main/mh/mhsa_css/CSS_State_version_of_Plan.pdf)

The most recent MHSA update (FY 2013-2014) states:

"The Mental Health Services Act is intended to expand and transform community mental health services throughout California, with an emphasis on serving communities that are currently un- or underserved. During Marin's 2004 MHSA planning process the adult Latino population was identified as the most un/underserved by existing County mental health services. Asian Pacific Islanders were also categorized as underserved. Other identified underserved populations included older adults, transition aged youth (16-25 years old) and persons living in West Marin. Populations were designated underserved based on their proportionate use of Medi-Cal services relative to their presence in the Marin County safety net population. Designation of un/underserved populations takes into consideration the portion of Marin residents who are eligible for County mental health services, best represented by the "Medi-Cal Beneficiaries" column on the following table.

Overall, since the implementation of MHSA programs the rate of services provided by the County Mental Health has increased substantially for the Latino population, youth and older adults."

(Source: http://www.marinhhs.org/sites/default/files/libraries/2013_08/06182013_mhsus_mhsa_fy13-14_annual_update.pdf)

If this project involves housing, how will it affirmatively further fair housing? See above. In addition, by maintaining homes for the disabled in residential neighborhoods, Buckelew Programs is sustaining a housing pattern that allows low income, mentally disabled residents to live in neighborhoods they would not generally have access to or be able to afford on their own, creating a more fair and balanced residential mix and facilitating community integration of those with severe and persistent mental illness. Staff also regularly attend trainings at Fair Housing Marin to stay current on laws and regulations.

If this project involves housing, how will it affirmatively further fair housing?

See above. In addition, by maintaining homes for the disabled in residential neighborhoods, Buckelew Programs is sustaining a housing pattern that allows low income, mentally disabled residents to live in neighborhoods they would not generally have access to or be able to afford on their own, creating a more fair and balanced residential mix and facilitating

community integration of those with severe and persistent mental illness. Staff also regularly attend trainings at Fair Housing Marin to stay current on laws and regulations.

If this project involves construction, discuss (1) your plans for recruiting women- and minority-owned firms to bid on the design and development of this project, and (2) your plans to provide employment opportunities to low-income people and businesses owned by low-income people. We will research all women- and minority-owned construction firms in the surrounding area and notify them that bids are being sought for the project.

- D. Accessibility: What steps are you taking to make this project (and your overall program) accessible to people with physical and other disabilities? 100% of Buckelew's clients have mental health disabilities. Buckelew Programs recently received funding from the Residential Rehab Loan Fund to make improvements to two bathrooms at Lakeside House which will result in increased accessibility for residents with mobility issues.
- E. <u>Green Building:</u> For new construction or rehabilitation, what will you do to incorporate "green building" principles?

 Green building techniques will be utilized wherever possible
 - o For further information, please call Roy Bateman (473-6698). It's ok to call with any questions at any time.
 - o The current year's application form must be used.
 - o Completed applications may be mailed or hand-delivered to the Federal Grants Division, Marin County Community Development Agency, 3501 Civic Center Drive, Room 308, San Rafael, CA 94903-4157.
 - o Applications sent by fax or e-mail will not be accepted.
 - This form can be expanded to accommodate additional text, but we encourage you to be brief. You may attach supplementary material. If you need more space for several questions, please answer all questions in sequence. If you'd like to download this form as a Microsoft Word document, visit www.marincdbg.com or www.co.marin.ca.us/depts/CD/main/comdev/FEDERAL/index.cfm.
 - Don't forget to fill out the Organization Profile form.
 - All County publications are available in alternative formats (Braille, large print, or CD) upon request. Requests for accommodations may be made by calling (415) 473-4381 (Voice), 473-3232 (TDD/TTY), or by e-mail at disabilityaccess@marincounty.org. This form and other County documents are available in alternative formats upon request.

DEADLINE: APPLICATIONS MUST BE RECEIVED BY FRIDAY, DECEMBER 13, 2013, AT 5 P.M.

Remember that we don't accept e-mailed or faxed applications.

Organization Profile - 2014-15 Data Collection Pilot

The County of Marin is interested in more deeply understanding the population demographics of those who staff, govern and/or utilize the services of Community Development Block Grant (CDBG) and HOME Program grantee and applicant organizations. More deeply understanding these demographics will address some of the topics highlighted in the 2011 Analysis of Impediments to Fair Housing in Marin.

The data gathered on this form will NOT determine an organization's likelihood to receive CDBG or HOME funding. If you do not collect or do not wish to share the demographic information requested, please check the appropriate box below. We hope you will be able to participate in this pilot project. If you have completed a similar organization profile form when applying for foundation grants in Marin, feel free to use the information collected for those forms if submitted within the last 12 months.

All future announcements will be sent to you by e-mail, unless you indicate otherwise:

Please send by mail.

The County of Marin is committed to encouraging new grant applicants. Please call us at 473-6698 for advice about our requirements and what to emphasize in your application, and consider attending one of our informational workshops. HUD requires that all CDBG projects engage in affirmative marketing. That means analyzing which demographic groups are least likely to apply and taking extra steps to market the program or project to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. The goals of affirmative marketing are to enhance neighborhood diversity and to support the County's commitment to affirmatively furthering fair housing and equal opportunity.

The concept of fair housing encompasses both federal and state laws that prohibit housing discrimination. The federal Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including pregnancy and the presence of children), and disability. In addition, state law prohibits housing discrimination on the basis of age, ancestry, marital status, medical condition, source of income, sexual orientation, gender expression, gender identity, and many other categories.

4. Project Location: (<u>Precise</u> street address). For housing and capital projects, include the year the building was constructed and the Assessor's Parcel Number.

Address: 626 Del Ganado, San Rafael, CA 9903.

Parcel number: 178-113-23

This is a 30 plus year old complex that was built specifically for low income adults with developmental disabilities

5. Project Description:

This is a 12 unit apartment complex with eleven 1 bedroom units and one 2 bedroom unit. The complex was built with funding to provide housing for low income persons with developmental disabilities. Many of the residents have lived in the complex since it was built. The four structures have wooden shingles as siding and are built in a square design with a grass courtyard in the middle. Five years ago, six of the 12 units were updated with new shingles, new windows, updated heating and air conditioning added. The six remaining units have not been updated due to lack of funding. The remaining buildings are at risk of extreme damage due to exposure and not having been repaired for many years.

6. Total Project Cost: (Include all costs for <u>this</u> particular project <u>regardless of source.</u>) \$130,000

7. Project Budget for CDBG Funds:

Budget <u>must</u> include an itemized estimate of how you would spend the CDBG amount you are requesting, as accurate and comprehensive as possible. For example, land or building acquisition costs, construction costs, remodeling costs, architectural and engineering fees, salaries, administrative expenses, etc. For rehabilitation or construction projects, you must include a contractor's written bid or other equally reliable cost estimate, using Davis-

Bacon wage rates if applicable. If your project includes residential rehabilitation, describe your plans to comply with federal lead paint regulations.

Funding provided for this project would be used to bring the six original units up to the same status as the six units that have been rehabilitated. This will include:

- 1. Replacement of wood shake siding that has weather damage and is aged. 2. Replacement of existing single pane windows with energy efficient double-paned windows. 3. Replacement of wall lights.
 - 4. Demolition, repairing, patching, and painting. 5. Replacement of existing dry rot conditions.
 - 6. Replacement of wood fascia. 7. Installation of heating/air conditioning units.
- **8**. **Other Sources of Funds for this Project:** *Include amount, source, use, status, and timing of funds other than CDBG funds, if applicable. Have you applied for the other funds? Are the other funds firmly committed for this project?*

			Date You	Are Funds	Date Funds Were	When
<u>Source</u>	<u>Use</u>	<u>Amount</u>	Applied	Committed?	Committed	<u>Available</u>
Reserves	Remodel and	\$50,000		Yes		Current
	rehabilitate					

9. Project Implementation:

Who will be responsible for implementing the project? How will it be implemented and what is the proposed schedule for project implementation?

EAH administrative staff and Lifehouse Director of Finance and Administration will work together with the contractor to schedule remodel as soon as funds are available. Th project should take approximately one month to complete.

10. Need for the Project:

A. Need Group

What groups or individuals will benefit from the project? What income level will you serve? How will you document eligibility? CDBG recipients are required to provide documentation that the majority of the users have incomes at or below the CDBG income limits. The current upper income limits for CDBG beneficiaries are shown in the table below. Applicants for housing funds must describe how the project will ensure long-term affordability.

Househo	old Income
Size	Limit
1	\$59,100
2	67,550
3	76,000
4	84,400
5	91,200
6	97,950
7	104,700
8	111,450

The residents of this complex live in their own apartments with supported living services from Lifehouse. Counselors are assigned to each resident to provide training and support for shopping, budgeting, meal planning, domestic tasks, scheduling medical appointments, and other support services. All the residents are on SSI and have MediCal and fall into the "extremely low income" category. The residents would have to live in a group home situation if this low income housing were not available. It is anticipated that these individuals will remain on SSI throughout their lives and will need this type of living arrangement. Copies of their SSI checks can be used for verification of income. At least one of the residents has health issues that necessitate her having air conditioning during the summer.

- B. <u>Project Rationale:</u> Why is this project needed? Will it assist an especially needy or underserved group? Funding for all projects of this type have been negatively affected by the economic downturn over the past few years. While the work has been needed for several years, funding requests have not been able to meet the need. There are reserves which will be tapped to match CDBG funds granted to accomplish completion of this project.
- C. <u>Equal Opportunity</u>: For all projects, which demographic groups are least likely to apply, and what affirmative marketing steps do you plan to reach them? (Affirmative marketing means analyzing which demographic groups are least likely to apply and taking extra steps to market the program to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. Be sure to consider race, ethnicity, and disability, as well as other demographic factors, in your analysis.)

All these individuals have lifelong disabilities and meet any affirmative action requirements as a result. They are all in the category of Extremely Low Income.

If this project involves housing, how will it affirmatively further fair housing?

All the residents have disabilities and are low income and as a result fall into protected classes for ensuring equal access.

If this project involves construction, discuss (1) your plans for recruiting women- and minority-owned firms to bid on the design and development of this project, and (2) your plans to provide employment opportunities to low-income people and businesses owned by low-income people.

- All of these factors will be considered in selecting the contractor to complete the work. It is the policy of EAH and Lifehouse not to discriminate and to ensure that minority groups are considered in the selection process.
- D. Accessibility: What steps are you taking to make this project (and your overall program) accessible to people with physical and other disabilities?

The units are already occupied by individuals with developmental disabilities including some with physical disabilities and will continue to be used for that purpose.

- E. <u>Green Building:</u> For new construction or rehabilitation, what will you do to incorporate "green building" principles? A consultant on "green" construction and all available matierials will be used to accomplish "green" objectives.
 - o For further information, please call Roy Bateman (473-6698). It's ok to call with any questions at any time.
 - o The current year's application form must be used.
 - Completed applications may be mailed or hand-delivered to the Federal Grants Division, Marin County Community Development Agency, 3501 Civic Center Drive, Room 308, San Rafael, CA 94903-4157.
 - o Applications sent by fax or e-mail will not be accepted.
 - This form can be expanded to accommodate additional text, but we encourage you to be brief. You may attach supplementary material. If you need more space for several questions, please answer all questions in sequence. If you'd like to download this form as a Microsoft Word document, visit www.marincdbg.com or www.co.marin.ca.us/depts/CD/main/comdev/FEDERAL/index.cfm.
 - Don't forget to fill out the Organization Profile form.
 - All County publications are available in alternative formats (Braille, large print, or CD) upon request. Requests for accommodations may be made by calling (415) 473-4381 (Voice), 473-3232 (TDD/TTY), or by e-mail at disabilityaccess@marincounty.org. This form and other County documents are available in alternative formats upon request.

DEADLINE: APPLICATIONS MUST BE RECEIVED BY FRIDAY, DECEMBER 13, 2013, AT 5 P.M.

Remember that we don't accept e-mailed or faxed applications.

The County of Marin is committed to encouraging new grant applicants. Please call us at 473-6698 for advice about our requirements and what to emphasize in your application, and consider attending one of our informational workshops. HUD requires that all CDBG projects engage in affirmative marketing. That means analyzing which demographic groups are least likely to apply and taking extra steps to market the program or project to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. The goals of affirmative marketing are to enhance neighborhood diversity and to support the County's commitment to affirmatively furthering fair housing and equal opportunity.

The concept of fair housing encompasses both federal and state laws that prohibit housing discrimination. The federal Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including pregnancy and the presence of children), and disability. In addition, state law prohibits housing discrimination on the basis of age, ancestry, marital status, medical condition, source of income, sexual orientation, gender expression, gender identity, and many other categories.

4. Project Location: (Precise street address). For housing and capital projects, include the year the building was constructed and the Assessor's Parcel Number.

All properties owned by Lifehouse. 1) & Seminole, Corte Madera 2) 16 Porteous Ave, Fairfax 3) 2 Stonehaven Ct., Novato 4) 210 Laurel Place, San Rafael 5) 593 Montecillo Rd., San Rafael 6) 393 Nova Albion, San Rafael 7) 1032 Sir Francis Drake Blvd., San Anselmo 8) 627 Wilson Ave., Novato 9) 48 Golden Hinde Blvd., San Rafael

5. Project Description:

Installation of wireless HVAC thermostats in each house for better energy conservation. Cost is \$700 per house. Aim of project is to maintain comfortable temperature control at each house while conserving energy usage in each home. The residents are often not at home during the day unless they are sick or unable to attend their day program. The temperature could be set wirelessly by house managers without making a trip to each house. The wireless units will allow for better control of costs and energy usage. The cost is an important factor to Lifehouse as the owner of the property since this is a non-profit agency.

6. Total Project Cost: (Include all costs for this particular project regardless of source.) \$6,300

7. Project Budget for CDBG Funds:

Budget must include an itemized estimate of how you would spend the CDBG amount you are requesting, as accurate and comprehensive as possible. For example, land or building acquisition costs, construction costs, remodeling costs, architectural and engineering fees, salaries, administrative expenses, etc.

If this project involves housing, how will it affirmatively further fair housing?

Lifehouse does not discriminate in the selection of contractors. Efforts are made to recruit minority businesses.

The individual who live here all have disabilities and are considered extremely low income. The home will always house people from this population.

If this project involves construction, discuss (1) your plans for recruiting women- and minority-owned firms to bid on the design and development of this project, and (2) your plans to provide employment opportunities to low-income people and businesses owned by low-income people.

Lifehouse does not discriminate in the selection of contractors. In recruiting contractors, minorities are always considered.

D. Accessibility: What steps are you taking to make this project (and your overall program) accessible to people with physical and other disabilities?

These homes are already occupied with individuals with disabilities and will continue to be used for this purpose.

E. <u>Green Building:</u> For new construction or rehabilitation, what will you do to incorporate "green building" principles? A consultant on "green" construction will be consulted and all available materials will be used to accomplish "green" objectives.

A consultatnt on "green' construction will be consulted and all available materials will be used to accomplish "green' objectives. Lifehouse as the owner is a non-profit agency.

- o For further information, please call Roy Bateman (473-6698). It's ok to call with any questions at any time.
- o The current year's application form must be used.
- Completed applications may be mailed or hand-delivered to the Federal Grants Division, Marin County Community Development Agency, 3501 Civic Center Drive, Room 308, San Rafael, CA 94903-4157.
- Applications sent by fax or e-mail will not be accepted.
- This form can be expanded to accommodate additional text, but we encourage you to be brief. You may attach supplementary material. If you need more space for several questions, please answer all questions in sequence. If you'd like to download this form as a Microsoft Word document, visit www.marincdbg.com or www.co.marin.ca.us/depts/CD/main/comdev/FEDERAL/index.cfm.
- o Don't forget to fill out the Organization Profile form.
- All County publications are available in alternative formats (Braille, large print, or CD) upon request. Requests for accommodations may be made by calling (415) 473-4381 (Voice), 473-3232 (TDD/TTY), or by e-mail at disabilityaccess@marincounty.org. This form and other County documents are available in alternative formats upon request.

DEADLINE: APPLICATIONS MUST BE RECEIVED BY FRIDAY, DECEMBER 13, 2013, AT 5 P.M.

Remember that we don't accept e-mailed or faxed applications.

For rehabilitation or construction projects, you must include a contractor's written bid or other equally reliable cost estimate, using Davis-Bacon wage rates if applicable. If your project includes residential rehabilitation, describe your plans to comply with federal lead paint regulations.

- 1. Install wireless HVAC thermostats in each house for better energy conservation.
- 2. Cost per unit of \$700 for each of 9 properties owned by Lifehouse, a non-profit agency service people with disabilities.

3

8. **Other Sources of Funds for this Project:** *Include amount, source, use, status, and timing of funds other than CDBG funds, if applicable. Have you applied for the other funds? Are the other funds firmly committed for this project?*

Source Use Date You Are Funds Date Funds Were When Applied Committed? Committed Available

9. Project Implementation:

Who will be responsible for implementing the project? How will it be implemented and what is the proposed schedule for project implementation?

Funding for all projects has been negatively affected by the downturn in the economy. Over this period the state has cut and frozen rates paid to service provider agencies such as Lifehouse. There have not been funds to make needed repairs.

10. Need for the Project:

A. Need Group

What groups or individuals will benefit from the project? What income level will you serve? How will you document eligibility? CDBG recipients are required to provide documentation that the majority of the users have incomes at or below the CDBG income limits. The current upper income limits for CDBG beneficiaries are shown in the table below. Applicants for housing funds must describe how the project will ensure long-term affordability.

Household	Income
Size	Limit
1	\$59,100
2	67,550
3	76,000
4	84,400
5	91,200
6	97,950
7	104,700
8	111,450

Lifehouse provides residential services for 50 adults with developmental disabilities in these 9 homes in Marin County. In some cases, the residents themselves have to pay for utilities. All 50 residents are considered as "extremely or very low income". Lifehouse pays for the utilities in the other homes. Lifehouse is a non-profit agency which needs to find every possible way to conserve on costs since reimbursement from the state for their serves has been frozen and cut in the past few years. In addition to conserving on the cost of utilities, there would be less need for staff to make a trip to homes to turn down utilities when everyone has left the home during the day. Wireless units can maintain better control of the temperature at all times in the home.

B. <u>Project Rationale:</u> Why is this project needed? Will it assist an especially needy or underserved group? It is extremely important to maintain a specific temperature in these homes as the residents have disabilities and several have medical conditions which would require them to have the correct temperature in the home. It does affect their health and comfort. It is also a requirement of the homes with a state license.

Funding for all projects has been negatively affected by the economic downturn and also the cuts and frozen rates from the state for the services provided by Lifehouse.

C. <u>Equal Opportunity:</u> For all projects, which demographic groups are least likely to apply, and what affirmative marketing steps do you plan to reach them? (Affirmative marketing means analyzing which demographic groups are least likely to apply and taking extra steps to market the program to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. Be sure to consider race, ethnicity, and disability, as well as other demographic factors, in your analysis.)

The residents of this home are referred by the regional center/state of California. Lifehouse has a policy of non-discrimination in who it serves.

Website (optional):

All future announcements will be sent to you by e-mail, unless you indicate otherwise:

□ Please send by mail.

The County of Marin is committed to encouraging new grant applicants. Please call us at 473-6698 for advice about our requirements and what to emphasize in your application, and consider attending one of our informational workshops. HUD requires that all CDBG projects engage in affirmative marketing. That means analyzing which demographic groups are least likely to apply and taking extra steps to market the program or project to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. The goals of affirmative marketing are to enhance neighborhood diversity and to support the County's commitment to affirmatively furthering fair housing and equal opportunity.

The concept of fair housing encompasses both federal and state laws that prohibit housing discrimination. The federal Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including pregnancy and the presence of children), and disability. In addition, state law prohibits housing discrimination on the basis of age, ancestry, marital status, medical condition, source of income, sexual orientation, gender expression, gender identity, and many other categories.

4. **Project Location:** (<u>Precise</u> street address). For housing and capital projects, include the year the building was constructed and the Assessor's Parcel Number.

Address: 48 Golden Hinde, San Rafael, CA

Parcel number: 175-291-10

This is an approximately 54 year old house.

5. Project Description:

This is a home that is licensed by Health Care Licensing for six adults with severe and profound developmental disabilities. Several of the residents use wheelchairs for mobility. The home has remained in use as this type home since the 1980s when Lifehouse purchased the home. It has suffered a lot of wear and tear due to the number of people living in the home and the continuous use of wheelchairs inside the home. There has not been funding for updating the home for many years and consequently is in need of repair and modification. The kitchen is extremely small and has all outdated appliances. It is not adequate to store the supplies for this many individuals living together.

6. Total Project Cost: (Include all costs for <u>this</u> particular project <u>regardless of source</u>.) \$30,100

7. Project Budget for CDBG Funds:

Budget <u>must</u> include an itemized estimate of how you would spend the CDBG amount you are requesting, as accurate and comprehensive as possible. For example, land or building acquisition costs, construction costs, remodeling costs, architectural and engineering fees, salaries, administrative expenses, etc. For rehabilitation or construction projects, you must include a contractor's written bid or other equally reliable cost estimate, using Davis-Bacon wage rates if applicable. If your project includes residential rehabilitation, describe your plans to comply with federal lead paint regulations.

- 1. Demo existing Kitchen and remove all debris (\$2000). 2. Re-wire and upgrade existing electrical to meet Title 24 code (\$4500). 3. Install new cabinets and install new sheetrock (\$7000). 4.Install new countertops (\$2800). 5. Change out sink and existing plumbing (\$1500). 6. Install new appliances (\$7000). 7. Prime, paint, two coats of paint (\$2,000) 8. Change out electrical cover plate. 9. Install new flooring (\$1500) 10. Permits and city fees (\$1800)
- 8. Other Sources of Funds for this Project: Include amount, source, use, status, and timing of funds other than CDBG funds, if applicable. Have you applied for the other funds? Are the other funds firmly committed for this project?

Date You Are Funds Date Funds Were When Source None Amount Applied Committed? Committed Available

9. Project Implementation:

Who will be responsible for implementing the project? How will it be implemented and what is the proposed schedule for project implementation?

Lifehouse administrative staff will work with a contractor to schedule the work. Bids will be obtained and the lowest/most qualified bid will be awarded. The project should take approximately three weeks to complete.

10. Need for the Project:

A. Need Group

What groups or individuals will benefit from the project? What income level will you serve? How will you document eligibility? CDBG recipients are required to provide documentation that the majority of the users have incomes at or below the CDBG income limits. The current upper income limits for CDBG beneficiaries are shown in the table below. Applicants for housing funds must describe how the project will ensure long-term affordability.

Household	Income
Size	Limit
1	\$59,100
2	67,550
3	76,000
4	84,400
5	91,200
6	97,950
7	104,700
8	111,450

This is a licensed group home for 6 adults with developmental disabilities who have severe and profound medical and self care needs. The individuals who live here are considered at the "extremely low income" level. They do receive MediCal. The home is owned by Lifehouse, a non-profit agency providing residential services to individuals with developmental disabilities. Copies of SSI checks are available to verify income.

B. Project Rationale: Why is this project needed? Will it assist an especially needy or underserved group?

Funding for all projects has been negatively affected by the economic downturn and also the cuts and frozen rates from the state for the services provided by Lifehouse. There have not been funds to make needed repairs.

C. <u>Equal Opportunity</u>: For all projects, which demographic groups are least likely to apply, and what affirmative marketing steps do you plan to reach them? (Affirmative marketing means analyzing which demographic groups are least likely to apply and taking extra steps to market the program to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. Be sure to consider race, ethnicity, and disability, as well as other demographic factors, in your analysis.)

The residents of this home are referred by the regional center/state of California. Lifehouse has a policy of non-discrimination in who it serves.

The individual who live here all have disabilities and are considered extremely low income. The home will always house people from this population.

If this project involves construction, discuss (1) your plans for recruiting women- and minority-owned firms to bid on the design and development of this project, and (2) your plans to provide employment opportunities to low-income people and businesses owned by low-income people.

- Lifehouse does not discriminate in the selection of contractors. Lifehouse has a policy of non-discrimination when it comes to contracting work. In recruiting contractors, minorities are always considered.
- D. Accessibility: What steps are you taking to make this project (and your overall program) accessible to people with physical and other disabilities?

All the residents of this home have disabilities. May of them have physical disabilities necessitating that the use wheelchairs. The home will always be designated as a home for people with developmental disabilities

- E. <u>Green Building:</u> For new construction or rehabilitation, what will you do to incorporate "green building" principles? A consultant on "green" construction will be consulted and all available materials will be used to accomplish "green" objectives. Lifehouse as the owner is a non-profit agency.
 - o For further information, please call Roy Bateman (473-6698). It's ok to call with any questions at any time.
 - o The current year's application form must be used.
 - Completed applications may be mailed or hand-delivered to the Federal Grants Division, Marin County Community Development Agency, 3501 Civic Center Drive, Room 308, San Rafael, CA 94903-4157.
 - Applications sent by fax or e-mail will not be accepted.
 - This form can be expanded to accommodate additional text, but we encourage you to be brief. You may attach supplementary material. If you need more space for several questions, please answer all questions in sequence. If you'd like to download this form as a Microsoft Word document, visit www.marincdbg.com or www.co.marin.ca.us/depts/CD/main/comdev/FEDERAL/index.cfm.
 - Don't forget to fill out the Organization Profile form.
 - All County publications are available in alternative formats (Braille, large print, or CD) upon request. Requests for accommodations may be made by calling (415) 473-4381 (Voice), 473-3232 (TDD/TTY), or by e-mail at disabilityaccess@marincounty.org. This form and other County documents are available in alternative formats upon request.

DEADLINE: APPLICATIONS MUST BE RECEIVED BY FRIDAY, DECEMBER 13, 2013, AT 5 P.M.

Remember that we don't accept e-mailed or faxed applications.

□ Please send by mail.

The County of Marin is committed to encouraging new grant applicants. Please call us at 473-6698 for advice about our requirements and what to emphasize in your application, and consider attending one of our informational workshops. HUD requires that all CDBG projects engage in affirmative marketing. That means analyzing which demographic groups are least likely to apply and taking extra steps to market the program or project to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. The goals of affirmative marketing are to enhance neighborhood diversity and to support the County's commitment to affirmatively furthering fair housing and equal opportunity.

The concept of fair housing encompasses both federal and state laws that prohibit housing discrimination. The federal Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including pregnancy and the presence of children), and disability. In addition, state law prohibits housing discrimination on the basis of age, ancestry, marital status, medical condition, source of income, sexual orientation, gender expression, gender identity, and many other categories.

4. **Project Location:** (<u>Precise</u> street address). For housing and capital projects, include the year the building was constructed and the Assessor's Parcel Number.

Address: 48 Golden Hinde, San Rafael, CA

Parcel number: 175-291-10

This is an approximately 54 year old house.

5. Project Description:

This is a home that is licensed by Health Care Licensing for six adults with severe and profound developmental disabilities. Several of the residents use wheelchairs for mobility. There is a swimming pool which is used for therapeutic reasons for the individuals living in this home. Most have cerebral palsy and have very limited physical movement and the pool is used for their therapeutic exercising. There is a similar home nearby with six residents owned also by Lifehouse. The residents from this second home have similar physical needs and this pool is used therapeutically for them also.

- **6.** Total Project Cost: (Include all costs for <u>this</u> particular project <u>regardless of source</u>.) **\$22,500**
- 7. Project Budget for CDBG Funds:

Budget <u>must</u> include an itemized estimate of how you would spend the CDBG amount you are requesting, as accurate and comprehensive as possible. For example, land or building acquisition costs, construction costs, remodeling costs, architectural and engineering fees, salaries, administrative expenses, etc. For rehabilitation or construction projects, you must include a contractor's written bid or other equally reliable cost estimate, using Davis-

Bacon wage rates if applicable. If your project includes residential rehabilitation, describe your plans to comply with federal lead paint regulations.

- 1. Remove existing tiles from the perimeter of the pool. 2. Drain pool to excess plaster which is cracked. 3. Vacuum seal all cracks. 4. Re-seal entire pool. 5. Change out pool machinery.
- **8. Other Sources of Funds for this Project:** *Include amount, source, use, status, and timing of funds other than CDBG funds, if applicable. Have you applied for the other funds? Are the other funds firmly committed for this project?*

9. Project Implementation:

Who will be responsible for implementing the project? How will it be implemented and what is the proposed schedule for project implementation?

Lifehouse administrative staff will work with a contractor to schedule the work. Bids will be obtained and the lowest/most qualified bid will be awarded. The project should take approximately two weeks to complete.

10. Need for the Project:

A. Need Group

What groups or individuals will benefit from the project? What income level will you serve? How will you document eligibility? CDBG recipients are required to provide documentation that the majority of the users have incomes at or below the CDBG income limits. The current upper income limits for CDBG beneficiaries are shown in the table below. Applicants for housing funds must describe how the project will ensure long-term affordability.

Household	Income
Size	Limit
1	\$59,100
2	67,550
3	76,000
4	84,400
5	91,200
6	97,950
7	104,700
8	111,450

This is a licensed group home for 6 adults with developmental disabilities who have severe and profound medical and self care needs. As mentioned above the residents of this home are able to have therapeutic exercise by the use of this pool. The individuals who live here are considered at the "extremely low income" level. They do receive MediCal. The home is owned by Lifehouse, a non-profit agency providing residential services to individuals with developmental disabilities.

B. Project Rationale: Why is this project needed? Will it assist an especially needy or underserved group?

Funding for all projects has been negatively affected by the economic downturn and also the cuts and frozen rates from the state for the services provided by Lifehouse. There have not been funds to make needed repairs.

C. <u>Equal Opportunity:</u> For all projects, which demographic groups are least likely to apply, and what affirmative marketing steps do you plan to reach them? (Affirmative marketing means analyzing which demographic groups are least likely to apply and taking extra steps to market the program to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. Be sure to consider race, ethnicity, and disability, as well as other demographic factors, in your analysis.)

The residents of this home are referred by the regional center/state of California. Lifehouse has a policy of non-discrimination in who it serves.

If this project involves housing, how will it affirmatively further fair housing?

The individual who live here all have disabilities and are considered extremely low income. The home will always house people from this population.

If this project involves construction, discuss (1) your plans for recruiting women- and minority-owned firms to bid on the design and development of this project, and (2) your plans to provide employment opportunities to low-income people and businesses owned by low-income people.

Lifehouse does not discriminate in the selection of contractors. Lifehouse has a policy of non-discrimination when it comes to contracting work. In recruiting contractors, minorities are always considered.

D. <u>Accessibility</u>: What steps are you taking to make this project (and your overall program) accessible to people with physical and other disabilities?

All the residents of this home have disabilities. May of them have physical disabilities necessitating that the use wheelchairs. The home will always be designated as a home for people with developmental disabilities

E. <u>Green Building:</u> For new construction or rehabilitation, what will you do to incorporate "green building" principles? A consultant on "green" construction will be consulted and all available materials will be used to accomplish "green" objectives. Lifehouse as the owner is a non-profit agency

□ Please send by mail.

The County of Marin is committed to encouraging new grant applicants. Please call us at 473-6698 for advice about our requirements and what to emphasize in your application, and consider attending one of our informational workshops. HUD requires that all CDBG projects engage in affirmative marketing. That means analyzing which demographic groups are least likely to apply and taking extra steps to market the program or project to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. The goals of affirmative marketing are to enhance neighborhood diversity and to support the County's commitment to affirmatively furthering fair housing and equal opportunity.

The concept of fair housing encompasses both federal and state laws that prohibit housing discrimination. The federal Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including pregnancy and the presence of children), and disability. In addition, state law prohibits housing discrimination on the basis of age, ancestry, marital status, medical condition, source of income, sexual orientation, gender expression, gender identity, and many other categories.

4. Project Location: (Precise street address). For housing and capital projects, include the year the building was constructed and the Assessor's Parcel Number.

121, 155, 175 & 197 Marinwood Avenue, San Rafael, CA APN: 164-471-64, 164-471-65, 164-471-69, 164-471-70

5. Project Description:

The Marinwood Village development will create 72 units of affordable housing available to households earning below 60% of the Area Median Income. The County of Marin has taken active steps to encourage the development of affordable housing to address the continued imbalance between the needs of both low income residents, as well as the tremendous number of people employed in low-wage jobs that are commuting into Marin and creating harmful environmental impacts. The County has been actively engaged in fostering the creation of affordable housing at the Marinwood Plaza site. Previously, the County has committed \$531,791 in CDBG funding. Additional CDBG funding is a critical component of the financing plan for the development.

The Marinwood Plaza redevelopment accomplishes the important goals of creating in-fill affordable housing, while eliminating neighborhood blight. BRIDGE is committed to creating a strong sense of place for Marinwood Village as a new community center. The development plan that BRIDGE and our design team have created responds directly to the Guiding Principles that were established through a community engagement process spearheaded by the County planning staff in 2005. The overall master plan consists of the full 5 acre site, which will be reconfigured to include three parcels: a northern parcel that will be improved with 3 retail buildings, one of while will be a mixed use building with 10 apartments above; the middle parcel which will be retained by the current property owners; and the southern portion of the site, which will be improved with 72 units of housing in 3 3-story buildings. The funding being requested would be used solely for the purchase of the southern parcel. BRIDGE submitted a planning application to the County which was deemed complete at the end of September. The EIR process will start once the County engages an EIR consultant.

The surrounding neighborhood is primarily single story homes and an elementary and middle school as well as the Marinwood Community Center are located within walking distance of the site. In addition, the location is close to large regional employers including the County of Marin and Kaiser Permanente and regional bus service. The site will be able to compete for 9% federal tax credits.

The proposed project offers a unique opportunity to meet the County of Marin's stated need for more affordable workforce housing while revitalizing a blighted part of an otherwise healthy neighborhood.

6. Total Project Cost: (Include all costs for this particular project regardless of source.)

Approximately \$26M. See sources and uses of funds below.

7. Project Budget for CDBG Funds:

CDBG Future Year Funding Request

Budget <u>must</u> include an itemized estimate of how you would spend the CDBG amount you are requesting, as accurate and comprehensive as possible. For example, land or building acquisition costs, construction costs, remodeling costs, architectural and engineering fees, salaries, administrative expenses, etc. For rehabilitation or construction projects, you must include a contractor's written bid or other equally reliable cost estimate, using Davis-Bacon wage rates if applicable. If your project includes residential rehabilitation, describe your plans to comply with federal lead paint regulations.

9. Project Implementation:

Who will be responsible for implementing the project? How will it be implemented and what is the proposed schedule for project implementation?

BRIDGE will be responsible for implementing this project which will be implemented over the next 3-4 years as we work through the entitlement process (securing environmental approvals & a master plan), and as we further develop the design & seek building department approvals of financing.

10. Need for the Project:

A. Need Group

What groups or individuals will benefit from the project? What income level will you serve? How will you document eligibility? CDBG recipients are required to provide documentation that the majority of the users have incomes at or below the CDBG income limits. The current upper income limits for CDBG beneficiaries are shown in the table below. Applicants for housing funds must describe how the project will ensure long-term affordability.

Household	Income
Size	Limit
the Ofmity	\$59,100
2	67,550
3 0 1	76,000
4	84,400
5	91,200
6	97,950
7	104,700
8	111,450
alternative statement of	the state of the s

The project will serve households earning no more than 60% of Area Median Income (AMI). Units will be targeted to lower income ranges. The precise mix will be determined as the financing plan is developed and has specific targeting requirements that are to be determined. Eligibility will be determined by BRIDGE Property Management Company through the lease-up process and annually thereafter using TCAC standards for income screening. Any special requirements for income screening for CDBG will be integrated into the process.

B. Project Rationale: Why is this project needed? Will it assist an especially needy or underserved group?

Marin County is the wealthiest county in California with a high home ownership rate and very little affordable housing. Average "asking rents" within the Marin market have risen 34% in the last 4 years (Realfacts.com). Currently, the average "asking rent" for a 2 bedroom 1 bath apartment within this market area is \$2,060 and out of reach for very low and low income households. This leads most low income residents to overpay for housing; 84% or renters at or below 80% of AMI are overpaying, according to the County Housing Element. The occupancy rate is currently over 95%, which indicates a very tight and unhealthy rental market. As documented by studies funded by the Marin Community Foundation, the majority Marin's service sector workforce commute into the County because the cost of housing in Marin is out of their reach. Marin's notoriously bad commute hour traffic and its impacts on air quality are a direct result of the County's overheated and overpriced rental market.

The proposed Marinwood project will directly target these families who work in Marin and are in need of conveniently located, high quality housing at affordable rents. In addition to being affordable, the site offers the advantage of having public schools nearby in the acclaimed Dixie School District and transit linkages along Highway 101. Marinwood Market will provide convenient shopping and the project's on-site amenities will include laundry facilities, a multi-purpose community

room, BBQ area, a community garden, open space, and play areas/courtyards. The site's location and affordably levels will help us to quickly fill units as they come online.

C. Equal Opportunity: For all projects, which demographic groups are least likely to apply, and what affirmative marketing steps do you plan to reach them? (Affirmative marketing means analyzing which demographic groups are least likely to apply and taking extra steps to market the program to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. Be sure to consider race, ethnicity, and disability, as well as other demographic factors, in your analysis.)

We won't know which demographic groups are least likely to apply until marketing begins. Latinos and African Americans constitute an extremely small demographic group within the immediate area surrounding the site. Affirmative marketing to these groups is likely to be required.

If this project involves housing, how will it affirmatively further fair housing?

Marketing of the Marinwood project will be managed by BRIDGE's property management company, BRIDGE Property Management Company ("BPMC"). BPMC manages all of BRIDGE's Marin affordable rental communities and is very familiar with all of the social service networks and media outlets in the county. We will coordinate an affirmative marketing campaign for Marinwood using these networks and resources to ensure that there are equal housing opportunities. With respect to treatment of applicants, the process will not discriminate against any individual or family because of race, color, creed, national or ethnic origin or ancestry, religion, sex, sexual preference, gender identity, age, disability, handicap, military status, source of income, marital status or presence of children in a household, AIDS—related conditions, or any other arbitrary basis. When active marketing commences BRIDGE will advertise in both local and regional newspapers as well as multilingual papers. All marketing materials will display the Equal Opportunities Logo. BRIDGE will post signage at the project site shortly before construction is complete with a telephone hot line that will be available in both English and Spanish. These fair housing efforts will be continued throughout the operation of the project by BPMC.

If this project involves construction, discuss (1) your plans for recruiting women- and minority-owned firms to bid on the design and development of this project, and (2) your plans to provide employment opportunities to low-income people and businesses owned by low-income people.

BRIDGE has worked on a number of developments with Section 3 hiring requirements. While we understand the funding we are requesting through the CDBG program will not trigger Section 3 hiring requirements, we understand that the County wants to see a demonstrated effort to outreach to women and minority-owned firms within the market area and that efforts be made to hire low-income people. BRIDGE and its general contractor will work with the County to identify minority and women-owned firms and will solicit bids from qualifying firms. Because there is no immediate population of low income residents, we will encourage all subcontractors to outreach to job training and apprentice programs serving low income people.

D. Accessibility: What steps are you taking to make this project (and your overall program) accessible to people with physical and other disabilities?

The project will be fully compliant with all federal, state and local accessibility requirements. All ground floor units will be fully accessible. The leasing office and community building will be at ground level and will be fully accessible. The site, which is very flat, will meet all grade requirements for common outdoor play areas.

E. Green Building: For new construction or rehabilitation, what will you do to incorporate "green building" principles?

BRIDGE is committed to providing a variety of green measures in all our projects which include: Low-Mercury Lamps, ENERGY-STAR qualified clothes washers in central laundry facilities and ENGERGY-STAR refrigerators in each unit; double-flush toilets in every unit, built-in recycling in each unit, low-VOC interior paints, recycled content carpet and CRI-green label certified to cover 75% of all floor area, and on site storm water management to the degree possible, as well as bio-swales and planter boxes, and native drought resistant plants in the landscape design. We will also explore the possibility of participating in the Greenpoint rating program or other comparable sustainable building verification.

- o For further information, please call Roy Bateman (473-6698). It's ok to call with any questions at any time.
- The current year's application form must be used.

- Completed applications may be mailed or hand-delivered to the Federal Grants Division, Marin County Community Development Agency, 3501 Civic Center Drive, Room 308, San Rafael, CA 94903-4157.
- Applications sent by fax or e-mail will not be accepted.
- This form can be expanded to accommodate additional text, but we encourage you to be brief. You may attach supplementary material. If you need more space for several questions, please answer all questions in sequence. If you'd like to download this form as a Microsoft Word document, visit www.marincdbg.com or www.co.marin.ca.us/depts/CD/main/comdev/FEDERAL/index.cfm.
- o Don't forget to fill out the Organization Profile form.
- All County publications are available in alternative formats (Braille, large print, or CD) upon request. Requests for accommodations may be made by calling (415) 473-4381 (Voice), 473-3232 (TDD/TTY), or by e-mail at disabilityaccess@marincounty.org. This form and other County documents are available in alternative formats upon request.

DEADLINE: APPLICATIONS MUST BE RECEIVED BY FRIDAY, DECEMBER 13, 2013, AT 5 P.M.

Remember that we don't accept e-mailed or faxed applications.

Organization Profile - 2014-15 Data Collection Pilot

The County of Marin is interested in more deeply understanding the population demographics of those who staff, govern and/or utilize the services of Community Development Block Grant (CDBG) and HOME Program grantee and applicant organizations. More deeply understanding these demographics will address some of the topics highlighted in the 2011 Analysis of Impediments to Fair Housing in Marin.

The data gathered on this form will NOT determine an organization's likelihood to receive CDBG or HOME funding. If you do not collect or do not wish to share the demographic information requested, please check the appropriate box below. We hope you will be able to participate in this pilot project. If you have completed a similar organization profile form when applying for foundation grants in Marin, feel free to use the information collected for those forms if submitted within the last 12 months.

Total Amount Requested:

Non-housing proposals must specify the amount requested from each planning area.

\$150,000

\$ 500,000

All future announcements will be sent to you by e-mail, unless you indicate otherwise:

Please send by mail.

The County of Marin is committed to encouraging new grant applicants. Please call us at 473-6698 for advice about our requirements and what to emphasize in your application, and consider attending one of our informational workshops. HUD requires that all CDBG projects engage in affirmative marketing. That means analyzing which demographic groups are least likely to apply and taking extra steps to market the program or project to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. The goals of affirmative marketing are to enhance neighborhood diversity and to support the County's commitment to affirmatively furthering fair housing and equal opportunity.

The concept of fair housing encompasses both federal and state laws that prohibit housing discrimination. The federal Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including pregnancy and the presence of children), and disability. In addition, state law prohibits housing discrimination on the basis of age, ancestry, marital status, medical condition, source of income, sexual orientation, gender expression, gender identity, and many other categories.

4. Project Location: (Precise street address). For housing and capital projects, include the year the building was constructed and the Assessor's Parcel Number.

The Residential Rehabilitation Loan Program provides home repair and property improvement loans throughout Marin County to low-income owner occupants of single family homes, floating homes docked in approved berths, mobile homes located within mobile home parks and non-profit-sponsored group homes serving special populations.

Project Description:

The Rehabilitation Loan Program underwrites and funds low-interest home repair loans of up to \$35,000 to very low income homeowners, and non-profit group home sponsors, to undertake and complete necessary home repairs, correct substandard housing conditions and eliminate health and safety hazards. Borrowers must be the owneroccupants of the home and fall below the very-low income limits per current HUD Area Median Income Schedule.

Eligible work includes the repair or upgrading of existing plumbing, heating and electrical systems, roof repair or replacement, correction of foundation, drainage, dry rot and termite-related problems, emergency and/or storm-related repairs, energy and water conservation measures, ADA improvements for wheelchair accessibility such as ramps and showers. Homeowners and nonprofit group home sponsors receive technical assistance from staff in determining the scope of needed repairs, consultation with local building departments, development of cost estimates, obtaining of bids and contracting for the repairs, monitoring and inspecting the work under construction and issuing progress payments for labor and materials. The specific repayment terms of each loan are tailored to fit the homeowner's individual financial circumstances.

Over the past 38 years, the Residential Rehabilitation Loan Program has received 1,394 applications and has made 725 loans totaling \$12,686,693 as well as 69 further advances on existing loans totaling \$494,037.

6. Total Project Cost: (Include all costs for <u>this</u> particular project <u>regardless of source</u>.)

Total CDBG funds requested are \$500,000. Of this amount \$150,000 is requested from the Countywide Housing allocation for loans to be made available throughout the County, and a combined total of \$350,000 is requested from individual Planning Areas for additional loans to be made within each Planning Area

7. Project Budget for CDBG Funds:

Budget <u>must</u> include an itemized estimate of how you would spend the CDBG amount you are requesting, as accurate and comprehensive as possible. For example, land or building acquisition costs, construction costs, remodeling costs, architectural and engineering fees, salaries, administrative expenses, etc. For rehabilitation or construction projects, you must include a contractor's written bid or other equally reliable cost estimate, using Davis-Bacon wage rates if applicable. If your project includes residential rehabilitation, describe your plans to comply with federal lead paint regulations.

Individual rehabilitation loans range from \$5,000 to a maximum of \$35,000. The funds requested will provide loan funds for approximately 20 new loans at an average loan amount of \$25,000.

Administrative costs to run the program totaled \$220.000 for the last 12-month period. These costs support three staff members, central office costs, departmental supplies and marketing expenses.

8. Other Sources of Funds for this Project: Include amount, source, use, status, and timing of funds other than CDBG funds, if applicable. Have you applied for the other funds? Are the other funds firmly committed for this project?

Source	<u>Use</u>	<u>Amount</u>	Date You Applied	Are Funds Committed?	Date Funds Were Committed	When <u>Available</u>
Marin Comm. Fdn.	Gates Coop	\$1,303K	1996	Yes	1996	1996

9. Project Implementation:

Who will be responsible for implementing the project? How will it be implemented and what is the proposed schedule for project implementation?

Marin Housing Authority administers the Residential Rehabilitation Loan Program and is responsible for its implementation throughout the county. The staff includes two half-time Homeownership Programs Specialists, a half-time Programs Services Coordinator, with support provided by General Services and Accounting staff. The program has been in existence many years and is continually evolving to reflect current construction codes, rehabilitation guidelines and practices in accordance with HUD requirements and industry standards.

10. Need for the Project:

A. Need Group

What groups or individuals will benefit from the project? What income level will you serve? How will you document eligibility? CDBG recipients are required to provide documentation that the majority of the users have incomes at or below the CDBG income limits. The current upper income limits for CDBG beneficiaries are shown in the table below. Applicants for housing funds must describe how the project will ensure long-term affordability.

Household Size	Income Limit					
1	\$59,100					
2	67,550					
3	76,000					
4	84,400					
5	91,200					
6	97,950					
7	104,700					
8	111,450					

Since 2001, the program has specifically benefited very low-income homeowners and non-profit-sponsored group homes serving very low income special populations. Every household assisted through the program has income well below 80% of median with the majority (90%) below 50% of median. The average household income is 35% of median. Eligibility is documented in a personal interview conducted with each applicant in which original tax returns, pay stubs, assistance payments and all other sources of income are reviewed and copied to the file.

The program ensures long term affordability in two ways: 1) by providing low-cost financing that enables a low-income homeowner to repair and maintain his/her home in order to continue to reside in it; and 2) by providing the option of deferred principal and interest repayment, thereby allowing the borrower to avoid unaffordable loan payments. Staff works closely with other social service agencies in identifying and assisting clients who include:

Elderly and Disabled: The program assists elderly and disabled homeowners on fixed (often minimal) incomes to repair unsafe conditions in their home, catch up on critical deferred maintenance, and install accessibility improvements, so that they may "age in place". In many cases the ability to install building accommodations makes the critical difference in enabling a homeowner to remain in his/her own home.

Female Head of Household: Families with only one head of household often face an insurmountable financial obstacle when faced with urgently needed home repairs. In some cases having to sell and relocate out of the County may be the only alternative.

Special Populations: The program is available to non-profit-sponsored group homes serving special populations, including the developmentally disabled, mentally ill and troubled youth, most of whom only receive SSI.

B. Project Rationale: Why is this project needed? Will it assist an especially needy or underserved group?

With continually escalating real estate prices and the resulting decrease in affordable housing, the Rehab Loan Program is the only way for low-income homeowners, often elderly citizens on fixed incomes who purchased their homes many years ago, to retain ownership of their affordable home and maintain their property in a safe and livable condition while allowing them to age in place.

Most low-income homeowners are unable to qualify for conventional property improvement loans and therefore cannot perform the maintenance required to preserve their homes in good condition. In addition, lenders are unwilling to lend on mobile homes and floating homes. The Rehab Loan Program is the only recourse for all of these owners when faced with home repair emergencies. It can also be used to implement energy efficiency measures to lower energy costs which can be prohibitive for low-income homeowners.

C. Equal Opportunity: For all projects, which demographic groups are least likely to apply, and what affirmative marketing steps do you plan to reach them? (Affirmative marketing means analyzing which demographic groups are least likely to apply and taking extra steps to market the program to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. Be sure to consider race, ethnicity, and disability, as well as other demographic factors, in your analysis.)

Racial and ethnic minorities are underrepresented in the Rehab Loan Program which reflects their low homeownership statistics. Program applications and brochures are available in Spanish and Vietnamese as well as English and are disseminated through senior centers, community centers, Hispanic agencies, social service agencies, lawyers for the elderly, senior resource directories, mobile home and floating home site management offices, public libraries and workshops. Interpreters are also available on MHA staff.

If this project involves housing, how will it affirmatively further fair housing?

By serving low-income households who are underrepresented as homeowners in this high-priced real estate market of Marin County, the Program furthers fair housing by providing the means for them to remain in their homes. However, this means that the majority of borrowers are elderly who were able to buy their homes years ago but are now very low-income. It is next to impossible for current low-income prospective homebuyers to buy into this market unless it is by purchasing a Below-Market-Rate housing unit and tapping into the mortgage assistance programs available through MHA. In order to reach this demographic of younger low-income households, the income guidelines for the Rehab Loan Program were expanded from very-low (50% AMI) to low (80% AMI) for BMR owners and a fully amortized repayment plan required. Several such Rehab Loans have been made to BMR owners to cover the cost of special assessments for exterior repairs as well as accessibility and energy improvements and other necessary upgrades, thereby allowing them to remain in their homes.

If this project involves construction, discuss (1) your plans for recruiting women- and minority-owned firms to bid on the design and development of this project, and (2) your plans to provide employment opportunities to low-income people and businesses owned by low-income people.

A list of contractors who have worked successfully on rehab loan projects is maintained by staff and continually updated. RFPs have been sent out in the past to attract women and minority construction companies to add to the list. The list is handed out only to borrowers who request recommendations and we suggest that they solicit three bids before signing a contract. The choice of contractor, however, is ultimately up to the homeowner. For small non-technical projects under \$500, homeowners may use unlicensed low-income laborers or handy people.

D. Accessibility: What steps are you taking to make this project (and your overall program) accessible to people with physical and other disabilities?

Accessibility to the Rehabilitation Loan Program for applicants with physical disabilities is ensured by the fact that all of the contact between staff and client takes place in the client's home or over the telephone but office visits to our fully accessible office are also possible. Most importantly, the Rehab Loan Program is ideal for installing accessibility improvements such as grab bars, ramps, electric stair lifts, handicapped showers, door widening and kitchen modifications. Even elevators have been installed when needed.

E. Green Building: For new construction or rehabilitation, what will you do to incorporate "green building" principles?

Whenever and wherever feasible, "green building" principles will be applied and implemented to assure the highest possible energy efficiency of the dwelling and the use of methods and materials least disruptive to the environment. Typical improvements include installation of high-efficiency windows and appliances, insulation in walls, ceilings and floors, low-flow toilets and shower heads, and weather-stripping.

- o For further information, please call Roy Bateman (473-6698). It's ok to call with any questions at any time.
- The current year's application form must be used.
- o Completed applications may be mailed or hand-delivered to the Federal Grants Division, Marin County Community Development Agency, 3501 Civic Center Drive, Room 308, San Rafael, CA 94903-4157.
- o Applications sent by fax or e-mail will not be accepted.
- This form can be expanded to accommodate additional text, but we encourage you to be brief. You may attach supplementary material. If you need more space for several questions, please answer all questions in sequence. If you'd like to download this form as a Microsoft Word document, visit www.marincdbg.com or www.co.marin.ca.us/depts/CD/main/comdev/FEDERAL/index.cfm.
- o Don't forget to fill out the Organization Profile form.
- All County publications are available in alternative formats (Braille, large print, or CD) upon request. Requests for accommodations may be made by calling (415) 473-4381 (Voice), 473-3232 (TDD/TTY), or by e-mail at disabilityaccess@marincounty.org. This form and other County documents are available in alternative formats upon request.

DEADLINE: APPLICATIONS MUST BE RECEIVED BY FRIDAY, DECEMBER 13, 2013, AT 5 P.M.

Remember that we don't accept e-mailed or faxed applications.

Organization Profile - 2014-15 Data Collection Pilot

The County of Marin is interested in more deeply understanding the population demographics of those who staff, govern and/or utilize the services of Community Development Block Grant (CDBG) and HOME Program grantee and applicant organizations. More deeply understanding these demographics will address some of the topics highlighted in the 2011 Analysis of Impediments to Fair Housing in Marin.

The data gathered on this form will NOT determine an organization's likelihood to receive CDBG or HOME funding. If you do not collect or do not wish to share the demographic information requested, please check the appropriate box below. We hope you will be able to participate in this pilot project. If you have completed a similar organization profile form when applying for foundation grants in Marin, feel free to use the information collected for those forms if submitted within the last 12 months.

The County of Marin is committed to encouraging new grant applicants. Please call us at 473-6698 for advice about our requirements and what to emphasize in your application, and consider attending one of our informational workshops. HUD requires that all CDBG projects engage in affirmative marketing. That means analyzing which demographic groups are least likely to apply and taking extra steps to market the program or project to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. The goals of affirmative marketing are to enhance neighborhood diversity and to support the County's commitment to affirmatively furthering fair housing and equal opportunity.

The concept of fair housing encompasses both federal and state laws that prohibit housing discrimination. The federal Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including pregnancy and the presence of children), and disability. In addition, state law prohibits housing discrimination on the basis of age, ancestry, marital status, medical condition, source of income, sexual orientation, gender expression, gender identity, and many other categories.

4. Project Location: (<u>Precise</u> street address). For housing and capital projects, include the year the building was constructed and the Assessor's Parcel Number.

930 Tamalpais Avenue San Rafael, CA 94901 APN# 011-277-01

Existing building originally constructed in 1929 and subsequently remodeled 1987.

5. Project Description:

Overview

The impending arrival of the SMART train in the downtown area of Central San Rafael has presented Whistlestop (www.whistlestop.org) with an opportunity to transform its current building into a transit-oriented senior center with onsite services and housing for seniors. This transformation will not only allow Whistlestop to manage the impacts of the new train station, but will also allow for a modernization and expansion of their facilities that serve seniors all over Marin and create critically needed affordable housing for seniors.

Whistlestop has partnered with Eden Housing to help realize their vision for a new facility that will include up to 51 units of on-site affordable senior housing to complement its Active Aging Center and Jackson Café. These affordable housing units will be owned separately by a tax credit partnership controlled by an Eden affiliate. This affordable component is the subject of this application.

Community Benefits

The new Whistlestop development will allow a highly respected and admired local non-profit to continue serving Marin County seniors and meet the growing demand for their services.

According to a recent article in the Marin Independent Journal, more than one in every three Marin residents will be 65 or older by 2030. Meeting the needs of this so called "Silver Tsunami" will require a variety of improvements to available services including more convenient public transit, improved access to affordable health care, and increased availability of congregate meal and home-delivered food programs. Whistlestop – as the oldest and largest senior services provider, the paratransit operator for the whole County and with its location at Marin County's regional transportation hub (Bettini Transit Center) and future SMART station – is ideally positioned to help meet these needs and serve the aging population in Marin in the most efficient way possible. Its central location and transit options will make it easier for seniors to travel to the center, and the expanded building space will allow Whistlestop to continue leveraging partnerships with other non-profits to offer a wide array of services to seniors (health clinics, screenings, etc.).

The new development will also provide up to 51 units of critically needed affordable housing for seniors. These one bedroom units will provide homes to very low to extremely low income seniors, aged 55 and older, who earn less than 50% of Area Median Income. The project will include high quality amenities including a community room, a computer center and library, and landscaped courtyards and furnished lobbies for casual social interaction. The affordable units will not only offer quality, safe homes at an affordable price, but as the first affordable transit-oriented community for older adults in Marin County, the development will also allow residents a high degree of mobility without a car. Combined with the on-site services offered by Whistlestop and the amenities in nearby downtown San Rafael, seniors will be able to live a rich, engaged life.

Finally, the new Whistlestop building will offer opportunities to create a key gateway development into the City. Eden and its design team have already laid the ground work to collaborate with SMART to ensure that the station and building work together aesthetically and improve the urban environment for downtown shoppers, diners and other visitors. This kind of collaboration and leadership from the private and non-profit sector is particularly needed in an era without redevelopment agencies. The team will work with community stakeholders to design an anchor development with elements of civic gathering spaces that will activate, improve and enliven this corner of downtown San Rafael for all residents.

Proximity to Transit, Services and Amenities for Future Residents

Whistlestop Senior Housing will be developed on a quintessential infill site, located in the downtown area, and close to transportation, services, and community amenities. The future SMART train station will be located adjacent to development and will offer seniors the ability to travel easily through Marin and Sonoma counties. For more local trips, seniors will be able to walk two blocks to the Bettini Transportation Center where there are over16 separate bus routes operated by three carriers including Marin Transit, Golden Gate Transit and Sonoma County Transit. In addition, Marin's Whistlestop Wheels Para-Transit service will be available on-site for all residents.

Residents will also be able to partake in the senior services offered on-site in the Whistlestop Active Aging Center. Seniors will find enrichment and fitness courses, special events, game groups, specialty groups, and outreach services that bring people together, encourage social connections, and create new learning experiences. Finally, residents will also be eligible to receive low-cost lunches in the on-site Jackson Café, a program operated by Whistlestop. Other important amenities within 0.5 miles include a Walgreens, several banks, retail stores and restaurants and coffee shops.

Affordability

We plan to finance the housing component through the Low Income Housing Tax Credit Program (9% credits). As such, a Regulatory Agreement will be recorded on title requiring that the housing remain affordable at 50% of Area Median Income for a period of 55 years. Other projected financing sources may add other regulatory constraints.

6. Total Project Cost: (Include all costs for this particular project regardless of source.)

The total project cost for this project is projected to be \$22,530,134 -- with the residential component totaling \$17,959,532. Approximately 60% of the site will consist of affordable senior housing and 40% for Whistlestop administrative and program uses. The attached pro forma and sources and uses schedule details the commercial and residential uses both separately and in combination.

7. Project Budget for CDBG Funds:

Budget <u>must</u> include an itemized estimate of how you would spend the CDBG amount you are requesting, as accurate and comprehensive as possible. For example, land or building acquisition costs, construction costs, remodeling costs, architectural and engineering fees, salaries, administrative expenses, etc. For rehabilitation or construction projects, you must include a contractor's written bid or other equally reliable cost estimate, using Davis-Bacon wage rates if applicable. If your project includes residential rehabilitation, describe your plans to comply with federal lead paint regulations.

CDBG funds would be used exclusively for land acquisition costs.

8. Other Sources of Funds for this Project: Include amount, source, use, status, and timing of funds other than CDBG funds, if applicable. Have you applied for the other funds? Are the other funds firmly committed for this project?

Source	<u>Use</u>	<u>Amount</u>	Date You Applied	Are Funds Committed	= 410 1 411		When <u>Available</u>
Marin Community Foundation	Predevelopment & Construction	\$200	,000	2013	Yes	10/3/2013	Spring 2014
Marin Workforce Housing Trust	Construction	\$500	,000	11/2013	No	N/A	N/A
City of San Rafael	Predevelopment & Construction	\$1,500	0,000	N/A	No	N/A	N/A
AHP	Construction	\$500	,000	N/A	No	N/A	N/A
LP Tax Credit Equity Investment	Construction	~\$12 r	nillion	N/A	No	N/A	N/A

9. Project Implementation:

Who will be responsible for implementing the project? How will it be implemented and what is the proposed schedule for project implementation?

Eden Housing will be primarily responsible for implementing the project, but is partnering with Whistlestop, the current land owner and commercial space owner of the new project. Eden and Whistlestop have entered into an agreement that will defines how the two organizations will implement the development, financial, ownership, construction, and operational responsibilities for the project.

A Project Developer has been assigned the day to day responsibility for moving the project forward with support from the Director of Real Estate Development and the Executive Director. Eden has hired the architecture firm of Forsher + Guthrie. Working with Forsher + Guthrie, Eden and Whistlestop will work to secure all land use approvals from the City of San Rafael, as well as CEQA and NEPA approvals.

The current estimated project schedule is as follows:

2/2013 to 12/2013

1/2014 to 12/2014

3/2015 to 06/2015

11/2017 to 6/2017

Design Development

Public Approvals

Final Financing Commitments (Tax Credit Application/Award)

Construction
Rent Up

CDBG funds will be spent on land acquisition at the close of construction, November 2015.

10. Need for the Project:

A. Need Group

What groups or individuals will benefit from the project? What income level will you serve? How will you document eligibility? CDBG recipients are required to provide documentation that the majority of the users have incomes at or below the CDBG income limits. The current upper income limits for CDBG beneficiaries are shown in the table below. Applicants for housing funds must describe how the project will ensure long-term affordability.

Low, very low and extremely low income older adults, age 55 and older, will benefit from the project. Resident incomes will be limited to households with incomes at or below 50% of the Marin County Area Median Income, with some of these units designated to serve Extremely Low Income seniors. By the incorporation of Low Income Housing Tax Credits, regulations will be recorded on title requiring the development to remain affordable to residents with incomes at or below 50% of Area Median Income for a 55-year term, with all residents' income re-certified annually.

Eligibility will be documented in the leasing application process and our property manager will follow all compliance steps to ensure residents meet the CDBG income limits.

Household	Income
Size	Limit
1	\$59,100
2	67,550
3	76,000
4	84,400
5	91,200
6	97,950
7	104,700
8	111,450

B. Project Rationale: Why is this project needed? Will it assist an especially needy or underserved group?

Whistlestop Senior Housing will make an impact on what many have acknowledged as one of the foremost social problems in one of the nation's highest-income counties, namely a lack of affordable housing. Seniors are among the vulnerable populations affected by the lack of affordable housing. Most seniors live on fixed pension or social security incomes and are often times forced to choose between paying for their housing and paying for other important needs, such as medicine. The Census Bureau assessed that more than 71% of Marin retirees receive Social Security income at a mean rate of \$15,838, an amount that falls short of what the Elder Index calculates to be the income required for a senior person to be able to live in Marin. A retiree in Marin with these earnings would only be able to afford \$396 per month for rent, based on paying 30% of one's income (a standard measure of housing costs).

The number of elderly in Marin County, and across the nation, only continues to grow. According to a report from the Marin County Division of Aging and Adult Services, "...the older population in Marin is increasing rapidly. Between 2005 and 2010, the number of Marin residents over 60 is projected to grow to 75,900, with the largest increase in the 70 to 79 year old cohort. ABAG projects that by 2012, almost 30% of Marin residents will be over age 60. This trend continues well into the foreseeable future, only slowing after 2030." Additionally, the California Department of Finance predicts that the elderly population will comprise 26% of the population increase in Marin over the next 40 years, with the greatest percentage increase in those elderly over 75 years of age. The Marin Commission on Aging (MCA) predicts even greater increases in Marin's elderly population. By the year 2020, according to MCA, one out of every three Marin residents will be 60 years of age or older.

Regional plans and assessments also document the need for this affordable housing. The ABAG Regional Housing Needs Assessment calls for 618 very low income housing units (those below 50% of AMI) to be built in Marin County between 2014 and 2022, and 240 very low income housing units to be built in San Rafael. Whistlestop Senior Housing's 51 units will meet 8% of Marin County's need and 21% of San Rafael's need.

Finally, the need for affordable housing in Marin is further evidenced by the low-vacancy rates and long-waiting lists at other affordable housing projects in the market area. In fact, both of Eden's existing properties in Marin have closed waitlists.

C. Equal Opportunity: For all projects, which demographic groups are least likely to apply, and what affirmative marketing steps do you plan to reach them? (Affirmative marketing means analyzing which demographic groups are least likely to apply and taking extra steps to market the program to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. Be sure to consider race, ethnicity, and disability, as well as other demographic factors, in your analysis.)

Affirmative Marketing

The market area for Whistlestop Senior Housing is Marin County. The ethnic diversity of Marin's population is low but is increasing. In 1990, 88.7% of the population was white and 11.3% was African-American, Asian, Pacific Islander, or of other races. People of Hispanic origin (who may be of any racial group) made up 7.8% of the population. According to the 2000 Census, the nonwhite population increased to 16% and the Hispanic population to 11.1%. The white population was 84%. And for 2010, the nonwhite population increased to 20% and the Hispanic population to 15.5%.

According to the 2010 Census, the racial composition of the City of San Rafael is 70.6% White, 2.0% African-American, 1.2% American Indian/Alaska Native, 6.1% Asian, 0.2% Native Hawaiian/Pacific Islander, 14.8% other population, 5.1% two or more races, and 30% Hispanic or Latino.

The racial composition for the Census Tract of the neighborhood is similar to that of San Rafael as well as Marin County, with some variation in the smaller minority numbers (see table), and Latinos being the predominant minority group.

Eden Housing is eager to serve the minority market for senior housing in the market area. The table below shows the racial composition for Marin County, San Rafael, the Census Tract population, and Eden's portfolio.

	COMPARISON	N OF RACIAL COMPO	SITION (%)	
Ethnicity	Marin	City of San Rafael	Census Tract	Eden portfolio
	County	•	1110	'

People				

Source: 2010 Census and Eden Housing Management Portfolio

Eden will make efforts to reach out all the minority populations in San Rafael and Marin County. In addition, as mentioned below, Eden will contact churches with large minority constituents in an effort to make sure that these minority communities have every opportunity to apply for residency at Whistlestop Senior Housing.

Based on Eden's track record in affirmative outreach and marketing, Whistlestop Senior Housing will have a resident population that is more ethnically diverse than the population of the Census Tract of the project, the City of San Rafael, and Marin County. The diversity of the Eden's resident population increases Eden's confidence that it will capture a significant minority market for Whistlestop Senior Housing.

Outreach Efforts to Minority Senior and Religious Organizations

By creating an awareness of the project in the minority communities and incorporation of a sensitivity to cultural/ethnic issues in the building and service programs, Whistlestop Senior Housing will provide a much needed opportunity to minorities for quality affordable senior housing. Eden Housing, Inc. will continue to build on links to the minority communities. The following minority organizations are a sample of the organizations that will be contacted as part of the Affirmative Fair Housing Marketing Plan for this project:

- Whistlestop Senior Center, San Rafael (Hispanic, Vietnamese, Persian, Russian) 1
- Margaret Todd Senior Center Alma Latina Club, Novato (Hispanic)
- Canal Welcome Center, San Rafael (all minorities)
- Marin City Senior Center, Sausalito (African-American, East Indian, Hispanic)
- Grassroots Leadership Network, San Rafael (all minorities)
- Spectrum LGBT, San Rafael (Lesbian, Gay, Bisexual, Transgender)
- Fair Housing of Marin, San Rafael (all minorities)

In addition to secular organizations serving minority groups, the following churches and religiously based organizations have been contacted and will be part of the marketing plan:

- Episcopal Senior Communities
- San Rafael First United Methodist Church
- Valley Baptist Church
- Saint Raphael Church & Mission San Rafael Archangel
- Open Door Christian Church

Eden will outreach to these faith communities and seek to deepen its relationship with them as the project moves through predevelopment/design/construction to the marketing phase. Eden also will advertise the property in regional newspapers and minority-owned newspapers.

If this project involves housing, how will it affirmatively further fair housing?

The housing component of the development will include up to 49 1-bedroom apartments and 1 2-bedroom manager apartment. The 1-bedroom apartments will be rented exclusively to lower income older adults age 55 and older with incomes below 50% of Marin County Area Median Income. As described more fully above, due to the comprehensive racial/ethnic diversity of the population already served by Eden Housing and our partner Whistlestop, this project is uniquely positioned to attract substantial numbers of racial/ethnic minority applicants, thereby resulting in an almost certain diverse racial/ethnic resident population. Eden will work closely with Whistlestop to marketing the housing to racial/ethnic minority groups (leveraging their racially/ethnically diverse client base) and to ensure that all affirmative fair housing requirements set by the County of Marin, and by the HOME and CDBG program are met or exceeded.

¹ Eden's partnership with Whistlestop provides instant access to a broad and diverse client base that we will reach out to for this project. The majority of clients that Whistlestop serves at their Active Aging Center are from groups that we will want to target under the affirmative marketing process. Whistlestop serves over 5,000 unduplicated older adults with the following demographic profile:

Average age is 72.

^{• 79%} are female; 21% are male.

^{• 39%} are white; 33% are Hispanic or Latino; 15% are Asian; 8% are Persian; and 2% are African American; and 3% represent other nationalities

 ^{84%} report being at low to very low annual income levels: 16% under \$10,000; 53% between \$10,001 and \$20,000; and 15% between \$20,001 and \$30,000.

Whistlestop will incorporate all of its existing marketing communications strategies and programs to encourage clients to apply for the new affordable housing opportunity. Whistlestop can provide personalized assistance helping clients complete the appropriate application forms using our trained multicultural and bilingual staff.

If this project involves construction, discuss (1) your plans for recruiting women- and minority-owned firms to bid on the design and development of this project, and (2) your plans to provide employment opportunities to low-income people and businesses owned by low-income people.

Outreach to women and minority owned construction firms

Eden will work with a general contractor to strategize maximum outreach to potential Minority Business Enterprises/ Women Business Enterprises (MBE/WBE) prior to subcontractor bidding. In addition to industry sources and contacts that the general contractor may have, which may include local Apprenticeship programs and training programs, Eden will outreach through both government affiliated and independent non-profit training and job-force development programs in Marin County. Eden will encourage the general contractor to look at MBE/WBE candidates for non-construction positions, such as administrative help in the contractor's office, if possible.

Eden requires (via its contract with the General Contractor) that its contractors use best efforts by taking the following steps:

- 1. Request for sub bids from MBE/WBE Subcontractors/ Suppliers through bid advertisements and contacting local agencies for list of subcontractors.
- 2. Contractor must advertise the project in certain trade papers indicating that it's a MBE/WBE project and that there will be potential employment opportunities (i.e. Marin Independent Journal).
- 3. Contractor to check in with workforce developments agencies for list of available MBE/WBE workers.
- 4. Contractor to post flyers looking for potential new hires in the neighborhood of the jobsite, which identify the positions to be filled. Also post in other places such as Goodwill and the Housing Authority.
- 5. Contractor to include MBE/WBE clause in all subcontracts that requires subcontractors to make a great effort to hire MBE/WBE low income workers, maintain records, and forward them to the general contractor and Eden for our files. Subcontractors must undergo the same process as the general contractor in looking for new MBE/WBE hires.
- D. Accessibility: What steps are you taking to make this project (and your overall program) accessible to people with physical and other disabilities?

Eden's practice is to make all units located on the ground floor or on a floor served by an elevator "adaptable" regardless of funding source and to "build-out" at least 5% of units where federal funding requires that we meet the Uniform Federal Accessibility Standards (UFAS). In addition, at least 2% of the units will be equipped to suit the needs of the hearing or visually impaired.

We would like our senior residents to be able to age in place and encourage this by building senior properties in which all units can be accessed on grade or by elevator and all units are adaptable for accessibility. This practice is memorialized in our design guidelines, which are provided to our architect and general contractor at the beginning of a project and when they are periodically updated. Specifically, we plan to do the following for all senior units:

- Install grab bars in all showers
- Install backing for future installation of grab bars at toilets
- Build removable base cabinets at kitchens and bathroom sinks
- Install finishes that recognize seniors' distinct needs (e.g., provide pulls on all cabinet doors, provide good lighting)

Eden is an equal opportunity housing provider and employer and has adopted a non-discrimination policy. A non-discrimination statement is included in the footer of our letterhead and website and the equal housing opportunity logo and statement are posted in our central and property offices. Our property management affiliate Eden Housing Management, Inc. has an established fair housing and reasonable accommodations policy.

E. Green Building: For new construction or rehabilitation, what will you do to incorporate "green building" principles?

Eden is an experienced "green" developer and is committed to incorporating green building principles into the design and construction of the project. We have been developing energy efficient buildings with durable, healthy materials and bay friendly landscapes with low water requirements for years. Our Sara Conner Court development was one of the first Green Point Rated projects in the Bay Area and we were named the Build it Green Affordable Developer of the Year for 2013. Our green strategy is guided by the requirements of our state funders, our participation in local technical assistance and rating programs, and our engagement of architects that are on the leading edge of green. We find that integrating green building principles into our developments can be an important means of building support for our work.

This project will be participating in the GreenPoint Rated (GPR) program and is expected to exceed the 100 points under this program. The development will meet or exceed green building requirements by the City of San Rafael.

- o For further information, please call Roy Bateman (473-6698). It's ok to call with any questions at any time.
- The current year's application form must be used.
- Completed applications may be mailed or hand-delivered to the Federal Grants Division, Marin County Community Development Agency, 3501 Civic Center Drive, Room 308, San Rafael, CA 94903-4157.
- o Applications sent by fax or e-mail will not be accepted.
- This form can be expanded to accommodate additional text, but we encourage you to be brief. You may attach supplementary material. If you need more space for several questions, please answer all questions in sequence. If you'd like to download this form as a Microsoft Word document, visit www.marincdbg.com or www.co.marin.ca.us/depts/CD/main/comdev/FEDERAL/index.cfm.
- Don't forget to fill out the Organization Profile form.
- All County publications are available in alternative formats (Braille, large print, or CD) upon request. Requests for accommodations may be made by calling (415) 473-4381 (Voice), 473-3232 (TDD/TTY), or by e-mail at disabilityaccess@marincounty.org. This form and other County documents are available in alternative formats upon request.

DEADLINE: APPLICATIONS MUST BE RECEIVED BY FRIDAY, DECEMBER 13, 2013, AT 5 P.M.

Remember that we don't accept e-mailed or faxed applications.

Organization Profile - 2014-15 Data Collection Pilot

The County of Marin is interested in more deeply understanding the population demographics of those who staff, govern and/or utilize the services of Community Development Block Grant (CDBG) and HOME Program grantee and applicant organizations. More deeply understanding these demographics will address some of the topics highlighted in the 2011 Analysis of Impediments to Fair Housing in Marin.

The data gathered on this form will NOT determine an organization's likelihood to receive CDBG or HOME funding. If you do not collect or do not wish to share the demographic information requested, please check the appropriate box below. We hope you will be able to participate in this pilot project. If you have completed a similar organization profile form when applying for foundation grants in Marin, feel free to use the information collected for those forms if submitted within the last 12 months.

Name of Organization: Eden Development Inc. & Eden Housing Inc.

____ My organization does not gather demographic data. ____ My organization does not wish to share demographic data.

West Marin Planning Area

Website (optional):

All future announcements will be sent to you by e-mail, unless you indicate otherwise:

□ Please send by mail.

The County of Marin is committed to encouraging new grant applicants. Please call us at 473-6698 for advice about our requirements and what to emphasize in your application, and consider attending one of our informational workshops. HUD requires that all CDBG projects engage in affirmative marketing. That means analyzing which demographic groups are least likely to apply and taking extra steps to market the program or project to those groups. One aspect of affirmative marketing is implementing strategies to make your program more welcoming and comfortable to the groups which are least likely to apply. The goals of affirmative marketing are to enhance neighborhood diversity and to support the County's commitment to affirmatively furthering fair housing and equal opportunity.

The concept of fair housing encompasses both federal and state laws that prohibit housing discrimination. The federal Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including pregnancy and the presence of children), and disability. In addition, state law prohibits housing discrimination on the basis of age, ancestry, marital status, medical condition, source of income, sexual orientation, gender expression, gender identity, and many other categories.

- 4. Project Location: (<u>Precise</u> street address). This is a citywide project to make San Rafael's sidewalks, walkways, public buildings, parks, etc. accessible to individuals with disabilities. Therefore there are no specific street addresses.
- 5 Project Description: The City of San Rafael entered into a 10-year settlement agreement with the U.S. Department of Justice in 2004. The agreement requires the City to comply with the Americans with Disabilities Act (ADA) as it relates to the public right-of-way (sidewalks, streets, etc.) and facilities. All requested funds are for the construction of curb ramps that will make San Rafael's sidewalks and streets accessible for wheelchair users and other individuals with disabilities. The agreement calls for the construction of approximately 800 curb ramps on those "...streets, roads, and highways that have been constructed or altered since January 26, 1992."
- 6. Total Project Cost: \$300,000 (100% CDBG); Public Works staff is currently designing curb ramps for this rehabilitation/construction project. Adherence to Davis-Bacon wage rates will be mandatory.

- 7. Project Budget for CDBG Funds: Attached is the June 14, 2012 bid summary from San Rafael's most recent ADA-DOJ curb ramp construction project. These figures are indicative of the costs we expect to pay when we bid the next CDBG-funded ramp project.
- 8. Other Sources of Funds for this Project: There are no non-CDBG funds allocated to the project.

Date You Are Funds Date Funds Were When

<u>Use Amount Applied Committed? Committed Available</u>

<u>Source</u>

- 9. Project Implementation: The Department of Public Works is responsible for project implementation. San Rafael will enter into a contract with a construction company to install curb ramps at designated intersections throughout the City. As stated earlier, this is an ongoing project mandated by the City's 2004 Settlement Agreement with the federal Department of Justice.
- 10. Need for the Project: San Rafael's annual curb ramp construction project benefits individuals with a broad range of needs. Examples are wheel chair users, others with ambulation issues, those who are visually impaired, etc. The project will serve individuals with disabilities who, based on 2010 census information, are considered to be low income relative to the non-disabled population.
- A. <u>Need Group:</u> The project will address the needs of individuals with a broad range of physical disabilities. e.g., wheel chair users, people with ambulation issues and those who are visually impaired. According to the 2010 census, the median income for disabled individuals living in San Rafael was well below the income limits shown on the table below.

Household	Income
Size	Limit
1	\$59,100
2	67,550
3	76,000
4	84,400
5	91,200
6	97,950
7	104,700
8	111,450

- B. <u>Project Rationale:</u> This project is needed to support the ongoing process of improving the accessibility of San Rafael's public right-of-way infrastructure (sidewalks, crosswalks, roads) to better serve the needs of individuals with a broad range of disabilities
- C. Equal Opportunity: As stated, the project will serve a diverse group of individuals with disabilities by constructing curb ramps throughout San Rafael. The nature of this construction project, managed by San Rafael's Public Works Department, therefore precludes the need for outreach to a specific demographic group.

If this project involves housing, how will it affirmatively further fair housing? N/A

If this project involves construction, discuss (1) your plans for recruiting women- and minority-owned firms to bid on the design and development of this project, and (2) your plans to provide employment opportunities to low-income people and businesses owned by low-income people. The City's contractor must comply with Caltrans Disadvantaged Business Enterprise (DBE) requirements. San Rafael's current DBE "target" is 7.71%. Contractors hired for San Rafael projects utilizing federal Department of Transportation (DOT) and/or Caltrans funds must make at least 7.71% of the construction budget available to minority-owned firms, e.g., African-American, Asian-

Pacific American, Native American, women. The goal of the DBE program is "to ensure nondiscrimination in the award and administration of DOT-assisted contracts", and to "create a level playing field on which DBE's can compete fairly for DOT-assisted contracts."

- D. <u>Accessibility</u>: By nature and definition, San Rafael's curb ramp project enhances public right-of-way accessibility for individuals with disabilities.
- E. <u>Green Building:</u> Green building principles are an integral part of the project. Curb ramp materials such as cement are produced by Dutra Materials, only a short driving distance from any of the curb ramp construction sites, thus minimizing construction vehicle emissions.
 - o For further information, please call Roy Bateman (473-6698). It's ok to call with any questions at any time.
 - The current year's application form must be used.
 - Completed applications may be mailed or hand-delivered to the Federal Grants Division, Marin County Community Development Agency, 3501 Civic Center Drive, Room 308, San Rafael, CA 94903-4157.
 - Applications sent by fax or e-mail will not be accepted.
 - This form can be expanded to accommodate additional text, but we encourage you to be brief. You may attach supplementary material. If you need more space for several questions, please answer all questions in sequence. If you'd like to download this form as a Microsoft Word document, visit www.marincdbg.com or www.co.marin.ca.us/depts/CD/main/comdev/FEDERAL/index.cfm.
 - Don't forget to fill out the Organization Profile form.
 - All County publications are available in alternative formats (Braille, large print, or CD) upon request. Requests for accommodations may be made by calling (415) 473-4381 (Voice), 473-3232 (TDD/TTY), or by e-mail at disabilityaccess@marincounty.org. This form and other County documents are available in alternative formats upon request.

DEADLINE: APPLICATIONS MUST BE RECEIVED BY FRIDAY, DECEMBER 13, 2013, AT 5 P.M.

Remember that we don't accept e-mailed or faxed applications.
