Does my winery or brewery need a Health Permit from Environmental Health?

It depends....

All foods must come from an approved source, such as a permitted food distributor, permitted market, or a cottage food operator.
- **YES**, if you are a Host Facility for Caterers. Your establishment must meet all construction and equipment standards of the CRFC and be approved by Environmental Health with a service request for plan check.
- **YES**, if you are a winery or brewery with an Environmental Health plan check-approved commercial kitchen for full food preparation installed.
