

NOTICE OF COMMUNITY WORKSHOP

Marin County Housing Element

The Marin County Community Development Agency is initiating the next Housing Element to plan for future housing needs for the planning period of 2014-2023. Staff is offering a variety of opportunities for the community to contribute ideas and be engaged throughout the process. The [Housing Element website](#) has been updated to improve access to important information about housing. Community members are also invited to participate in the new [2014 Marin County Housing Survey](#), and to [sign up for email updates](#) to stay informed on the latest Housing Element news.

A community workshop has been scheduled in five different locations to solicit input on how to best satisfy our housing needs for the next Housing Element cycle (the workshops will occur prior to the completion of the Draft Housing Element and before the Planning Commission begins its review). Following the workshops, the community will also have the opportunity to attend the hearings for the Planning Commission and Board of Supervisors review of the Draft Housing Element.
