Board of Supervisors
County of Marin
3501 Civic Center Drive, Room 329
San Rafael, CA 94903

SUBJECT: Measure W Community Housing Fund Tax Revenue, Funding Priorities, and Working Group.

Dear Board Members:

RECOMMENDATIONS:

1. Accept informational report on the Measure W Community Housing Fund.
2. Authorize extending Board of Supervisors approved funding priorities for the use of the Measure W Community Housing Fund.

SUMMARY: On December 10, 2019, your Board approved funding priorities for the allocation of tax revenues available through the Measure W Community Housing Fund. This report provides an update and staff recommendation to renew these established priorities through 2021.

DISCUSSION: On November 6, 2018, the voters of West Marin passed Measure W to establish the West Marin Transient Occupancy Tax area. In recognition of the impacts of visitors to the area, the increase in the transient occupancy tax approved by the measure provides increased funding for enhanced fire/emergency services and long-term community housing. Through the authorizing language of the measure, the Marin County Community Development Agency (CDA) appointed an ad-hoc working group to help inform funding priorities. Throughout the fall of 2019, the nine member Working Group conducted outreach, gathered feedback, and attended community meetings to inform a set of priorities subsequently approved by your Board in December 2019 (Attachment 1). Shortly after the approval of these priorities, staff developed and opened a rolling application for the allocation of these funds. To date, eight grants have been issued totaling $354,810 (Attachment 2). These funds have contributed towards the acquisition of new deed restricted affordable housing, rehabilitation of existing deed restricted affordable housing, and rental assistance to stabilize households impacted by COVID-19. As of April 22, 2021, the Measure W TOT has generated $1,119,225 for the Measure W Community Housing Fund.

Due to the COVID-19 pandemic, many of the undertakings envisioned under the current set of priorities have been delayed, including the West Marin Housing Needs Assessment. In addition, work by staff to convene and conduct additional recruitment for the Working Group was put on hold as staff assisted with the County’s response to the pandemic by serving in the Emergency Operation Center and as Disaster Service Workers.
Given these circumstances, staff request your Boards approval to maintain the current Measure W Community Housing priorities through 2021.

As Marin County’s work to increase vaccinations and lift restrictions progresses, staff anticipate that projects previously envisioned will be restarted. With the improved circumstances, staff will conduct an application process for the Working Group in Summer 2021. This Working Group will convene in Fall of 2021 to assess community needs and make recommendations to your Board for continuing or updating priorities.

**FISCAL IMPACT:** There is no impact to the General Fund net County costs as a result of your Board’s action. Funds are available in the FY 2019-20 and FY 2020-21 baseline budget in the Measure W Community Housing Fund #3450. This baseline budget will be allocated based on the priorities established by the Working Group and the process described in the attached report.

For all funding recommendations consistent with the Board approved Measure W priorities, contract approval for commitments of $50,000 or less, shall be delegated to the County Administrator, or their designee. This is consistent with approval authority for Professional Services as described in the Countywide Procurement Manual, effective February 2018.
