**Subject:** Greenpoint community plan  
**Date:** Friday, July 15, 2016 9:39:39 PM

---

Although we will be unable to attend the meeting on July 26<sup>th</sup>, as residents of Greenpoint we want to express that we heartily support GPAC and the approval of the GPAC plan for our neighborhood.

We've lived in Marin much of lives, moving to Greenpoint almost 30 years ago, but even when we were teenagers, most people we knew shared the perception that Blackpoint was quite unique from other residential areas in Marin. Blackpoint is still unique and residential Greenpoint doesn't have the same needs in common with it. Separate plans for the 2 communities are appropriate and we look forward to having the best plan for our separate neighborhood being adopted.

We encourage the support of the Supervisors for letting Greenpoint retain its own identity as a residential area.
