**Subject:** Black Point Community Plan  
**Date:** Friday, July 22, 2016 11:33:51 AM

---

Black Point is not the place for a Medical Marijuana Dispensary. There most likely are not sufficient residents in the community who require medical marijuana to sustain a viable dispensary and so the dispensary would have to draw on customers from other areas which would bring an increase in traffic to our quiet residential community. Easy access on and off Highway 37 makes the proposed area an attraction for transients to come into Black Point but Harbor Drive is not capable of handling increased traffic.

Black Point is a quiet, residential area of Marin County and should remain as such without a Medical Marijuana dispensary.
