The public is invited to speak on any item on the agenda or at open time.

7:30 Open Time and Review of Minutes of January 13, 2016

7:35. Marin Catholic High School User Permit Amendment & Design Review (J Drake)

Approval requested to allow for installation of a field lighting system at the school's outdoor football field. The system would be comprised on four 80-foot tall light poles with differing fixture arrays, installed on the 10 yard line at each side of the field. LED lamp fixtures would be affixed to each pole for lighting during evening hours. Proposed poles at the north side of the field (closest of parking lot) would feature 19 fixtures, 16 at top and three at about 15 feet. The two poles on the field's south side (in front on home bleachers) would have 16 fixtures. Poles would consist on in-ground concrete bases and 80-foot tall galvanized steel standards (poles). Fixtures would utilize a Light Structure Green System (Musco Lighting Systems) where 50 to 1,500-watt LED would be used to provide a 50-foot candle illumination average. System would feature a "dimmed" setting, which would be used for games that do require full lighting, as well as after completion of games. Additional path light to be installed along pedestrian pathways for illumination of bleachers and paths surrounding the field'.

Overall the system would be used for 514 games and practices annually: freshman football games on Thursdays at 6 PM, Junior varsity Fridays 4:30 to 6:30 PM, and varsity games from 7 to 9:30 PM. The system would be used for overlapping evening practices, with 110 total football practices and 225 lacrosse and soccer practices proposed. These ending at 9 PM. Majority of evening games & practices would be November through February.

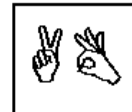

8:30. Other Business.

Directions: Deedy Lounge is in the lowest floor of the Student Center, in the corner of the building nearest the creek and the new science building. You may have to go through the cafeteria. Look for sign on door.
