*The public is invited to speak on any item on the agenda or at open time.*

**7:00** Public Open Time and Review of August 26, 2020 Minutes

### **7:05. Workshop Presentation on Concrete Channel Proposal from Marin County Flood Control/College of Marin/Friends of Corte Madera Creek.**

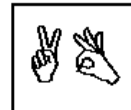

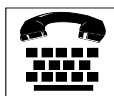

Friends of Corte Madera Creek Watershed and the Marin County Flood Control and Water Conservation District, in partnership with College of Marin, are proposing to restore part of Corte Madera Creek by removing over half of the concrete channel walls downstream of the Stadium Way Bridge. This area involved runs from the downstream side of the Stadium Way Bridge to the end of the concrete channel. Conceptual plans call for removing the concrete on the right bank and bottom of the channel, rerouting the multi-use path, and expanding onto College of Marin land along the right bank. A draft EIR will be prepared for the project. Sandy Guldman of Friends of Corte Madera Creek will review this project for the KPAB.
