**III. Comments to the Planning Staff**

1. Neighbor Bruce C. was present and brought to SDRB's attention the Harbor Point Master Plan, which has clear guidelines on each property's building "envelope" and requested that this Master Plan is used for ALL projects within the sub division. He was not in attendance to make comment on the actual project itself.
2. Jeff Butler agreed that clarity was needed for all parties and although ready to share landscape plans, wanted to meet again after all the information was dispersed to the correct parties.

## SRDB COMMENTS

Joe Sherer, Rebecca Lind and Penna Omega – Have questions regarding Harbor Point Master Plan and would like a complete copy of the plan. Suggested letters from adjacent neighbors would be helpful as well.

Motion to CONTINUE as presented as submitted by Rebecca Lied, seconded by Penna Omega:

**IV. The meeting adjourned at 8:30 p.m.**
