SUMMARY: Marin County is experiencing a severe shortage of affordable housing for low- and moderate-income households. In response, the County has developed affordable housing requirements that are designed to mitigate the impact of new development on the affordable housing stock. As this impact varies by development type and size, the County has taken care to develop affordable housing policies that respond to the unique impacts created by various development types.

A table identifying what affordable housing provisions correspond to each development type is provided below; a summary of each requirement follows the table.

This handout is intended as a tool to provide general guidance for the public. Additional details and standards may be found in Marin County Development Code 22.22, titled "Affordable Housing Regulations;" applicants should consult the Community Development Agency for a specific evaluation of their project's affordable housing requirements.

Table 1. Affordable housing requirements by development type		
Type of development	Requirement	Development Code section or ordinance number
New residences and residential floor area		
Single-family	Affordable Housing Impact Fee	22.22.090(A); Ordinance 3500
Multi-family ¹	Inclusionary Zoning Policy	22.22.020(B) or (C)
Lot creation		
With proposed dwellings	Inclusionary Zoning Policy	22.22.020(D)
Lots only	Inclusionary Zoning Policy	22.22.020(E)
Non-residential		
Non-residential only	Jobs/Housing Linkage Fee	22.22.100(A)
Mixed use	Jobs/Housing Linkage Fee & Inclusionary Zoning Policy, or Affordable Housing Impact Fee	22.22.100(B)

Applicants interested in incorporating affordable units above and beyond the minimum requirements may be eligible for a reduction or waiver of associated affordable housing impact or in-lieu fees. Additional incentives and concessions are detailed in Marin County Development Code Chapter 22.24 - "Affordable Housing Incentives;" please contact the Community Development Agency for more information.

¹ The definition of multi-family dwellings includes duplexes, triplexes, fourplexes, apartments, and town-house developments. ADUs, JADUs, and agricultural worker housing are not considered in the calculation for the number of units for this definition and do not convert a single-family residential development into a multi-family development. Marin County Code 22.130.030 (March 2017).

AFFORDABLE HOUSING IMPACT FEE

Since 2008, new single-family home developments are charged an affordable housing impact fee, to mitigate the impact of an increase in demand for affordable housing due to employment growth associated with the new single-family development. Ordinance 3500 applies an impact fee new single-family homes, teardowns, and major remodels based on the number of new low and moderate-income jobs generated by the development. It applies to:

1. New **single-family homes** with more than 2,000 square feet of Conditioned Floor Area;² and
2. Teardowns³ and major remodels (additions) of single-family homes that result in over 500 square feet of new space where the new total Conditioned Floor Area is greater than 2,000 square feet.

Affordable Housing Impact Fees are applied only to new, proposed floor area. However, the *new total* conditioned floor area of the single-family dwelling determines the fee *rate* for the project (Table 2).

Example calculation 1:

- A. Scenario: An owner of an existing 2500 SF single-family home proposes to add 800 SF.
 1. The total conditioned floor area of the single-family dwelling is 2500 SF + 800 SF = 3200 SF.
 2. Because the addition would result in a new total floor area greater than 3000 SF, the addition will be assessed at a fee rate in the “≥ 3,000” tier.
 3. In Fiscal Year 2021/2022, the fee rate for the “≥ 3,000” tier is \$14.74/SF.
 4. Since 800 SF addition would be subject to a fee rate of \$14.74/SF the Affordable Housing Impact Fee for this project is 800 SF x \$14.74/SF = \$11,792.

Example calculation 2:

- B. Scenario: An owner of a vacant property or an existing structure being demolished, proposes to build a 4,500 SF single-family home and 700 SF ADU.

² Conditioned Floor Area (CFA) is the floor area (in square feet) of enclosed conditioned space on all floors of a building, as measured at the floor level of the exterior surfaces of the exterior walls enclosing the conditioned space (California Energy Code).

³ Teardowns shall be consistent with the definition of “Vacant Lot” as stipulated in County Development Code § 22.130.30.

1. Because the development would result in a new total floor area greater than 3,000 SF, the fee rate would be assessed in the “≥ 3,000” tier.
2. However, because an ADU unit is proposed concurrent to project the fee rate for the “≥ 3,000” tier is \$6.95/SF, in Fiscal Year 2021/2022.
3. To calculate the fee, the first 2,000 SF is deducted from the single-family home and the 700 SF ADU is not subject to a fee. The \$6.95/SF the Affordable Housing Impact Fee for this project is 2,500 SF x \$6.95/SF = \$17,375.

Table 2. Affordable Housing Impact Fee⁴		
Conditioned Floor Area	Fee per square foot	If new ADU, JADU, or Ag. Worker Unit proposed concurrent to project
≤ 2,000	\$0.00	\$0.00
2,000 < and < 3,000	\$6.95	\$0.00
≥ 3,000	\$14.74	\$6.95

Exceptions and Reductions:

1. Deed-restricted units affordable to low- and moderate-income households, and square footage designated for an Accessory Dwelling Unit (ADU) or dedicated as Agricultural Worker Housing are not subject to the Affordable Housing Impact Fee.
2. Dependent on the size of the single-family home, the development of an ADU or Agricultural Worker Housing concurrent with its construction can qualify the project for a 50% reduction or waiver of this fee (Table 2).

Payment of this fee is required prior to issuance of a Building Permit.

INCLUSIONARY ZONING POLICY

Marin County Code § 22.22.090 - “Inclusionary Housing Standards - Lot Creation” requires 20% of the total number of units or lots within a subdivision to be developed as or dedicated to affordable housing.

All projects proposing the development of two or more new units or lots must dedicate 20% of the project as affordable housing. In instances where application of the 20% inclusionary requirement results in a decimal fraction of a unit or lot less than or equal to 0.50, the project applicant shall be required to pay a proportional in-lieu fee (Table 3); the In-Lieu Participation Fee for Fiscal Year 2021/2022 is \$342,006.

Marin County Code § 22.22.080 - “General Housing Affordability Standards” enumerates standards that proposed inclusionary units must meet.

⁴ Rates are updated annually; Table 2 fee schedule effective July 1, 2021 – June 30, 2022.

This policy applies to:

1. All **new multi-family housing** including **condominiums** and conversions;
2. Any **subdivision** with a proposed development of one or more new dwellings;
and
3. Any subdivision creating one or more new lots.

Table 3. Inclusionary housing calculation for residential development			
Project size (no. of units)	“Decimal Fraction” Inclusionary Requirement	No. affordable units required	Fee (\$) required
1	0.20	Fee may apply	Fee may apply
2	0.40	0	\$136,802
3	0.60	1	None
4	0.80	1	None
5	1.00	1	None
6	1.20	1	\$68,401
7	1.40	1	\$136,802
8	1.60	2	None
9	1.80	2	None
10	2.00	2	None

Applicants seeking a waiver and requesting to pay an in-lieu fee rather than fulfill the County’s inclusionary requirements should consult County Code Section 22.22.060 - “Waivers” to understand the conditions under which such a request might be granted.

Payment of any required affordable housing fee is required prior to filing of maps.

JOBS/HOUSING LINKAGE FEES

This fee applies to all projects proposing new non-residential floor area, including that proposed in mixed-use development projects. In such cases, residential and non-residential affordable housing requirements will be applied proportionately by development type.

Table 4. Affordable housing fees for non-residential development	
Development type	Fee per square foot
Manufacturing/Light Industry/Assembly	\$3.74
Office ⁵ /Research and Development	\$7.19
Warehouse	\$1.94
Hotel/Motel ⁶	\$1,745 per room
Retail/Restaurant	\$5.40
Residential Care Facility ⁷	\$21.23
Medical-Extended Care ⁸	\$24.77
Other types of non-residential development	Applicant to provide information and statistics or new jobs generated by the use of the development

Alternately, applicants may propose to provide affordable housing for 25% of the need generated by the non-residential development. For certain development types, the number of residential units required to qualify for this option is quantified as a decimal fraction of the non-residential floor area; the requirements for this option are provided in Marin County Development Code § 22.22.100(B), Table 3-4c and in Table 5, below. For development types not listed in Table 5, a specific nexus analysis may be required to establish the number of affordable housing units necessary to offset the impact of the non-residential development.

Table 5. Number of new affordable housing units required for new non-residential development	
Development type	Number of affordable housing units required per square foot of non-residential floor area
Manufacturing/Light Industry/Assembly	0.000045
Office ⁹ /Research and Development	0.000085
Warehouse	0.000023
Hotel/Motel ¹⁰	0.000020
Retail/Restaurant	0.000058
