RE: Minor Corrections to the Electronic (.pdf) Version of the Response to Comments
Amendment

DATE: April 2, 2008

This transmittal contains corrections to errata that Marin County has discovered in the CD-ROM version of the Redwood landfill Final EIR Response to Comments Amendment; this version was also previously posted on the County's website as a downloadable .pdf document. This transmittal is being mailed with a corrected version of the document on CD-ROM, which is also now available on the County's website.

The corrections shown in the attached errata sheet include a typographical errors, minor wording changes, and changes to spreadsheets contained in Appendixes D and E. The changes do not in any instance affect the conclusions or meaning of the Final EIR. The printed version of the document does not contain these errors, but the CD-Rom found in the pocket inside the back cover of the printed document should be discarded and replaced with the new corrected version attached to this transmittal.

The County regrets any confusion that these errors may have caused. If you have any questions regarding this notice, or the EIR process, please contact Rachel Warner, Environmental Planner, at (415) 499-6863.
