Subject: LCP Update Damaging to Stinson Owners
Date: Wednesday, October 19, 2016 1:55:23 PM

Dear Mr. Crawford,

We are long time home owner's living in Stinson Beach and are extremely concerned about the negative impact the proposed Environmental Hazards Amendment to Marin's Local Coastal Program would impose upon us and strongly urge that it be withdrawn.

We are very concerned that under regulations the California Coastal Commission is attempting to impose on Marin County, We would lose our rights to maintain, protect and rebuild my home. we understand that repeated attempts to compromise with the California Coastal Commission staff have failed, and that they intend to instead force their own draft regulations in place of those approved by our Board of Supervisors at the upcoming hearing on November 2nd. We are disappointed that the many meetings, votes and letters from West Marin residents that contributed to Marin County's submission have been ignored in this process.

Please protect our home and our property. The current Local Coastal Program would be better than the proposed changes. Please keep it in place.

Thank you,
Bill & Maggie Krill
