Subject: Local Coastal Plan
Date: Wednesday, October 19, 2016 10:50:48 PM

Brian Crawford,

We own a home in Stinson Beach- West Marin. I have reviewed the Environmental Hazards Amendment to Marin's Local Coastal Program and urge you to withdraw these provisions.

The California Coastal Commission is attempting to impose on West Marin homeowners conditions that will make it difficult or impossible for me to safely maintain, protect and rebuild my home.

The California Coastal Commission has refused any compromise with their demands and insist that their own draft regulations replace those approved by our Board of Supervisors at the hearing on November 2nd.

We West Marin residents care deeply about the security of our coastal environment - have actively attended meetings, studied proposals and written letters.

Please do not allow our concerns to be ignored. The current Local Coastal Program would be better than the changes pushed by the California Coastal Commission.

Thank you, Carroll and Eli Botvinick
