---

As a West Marin homeowner, I am writing to ask that you withdraw the Environmental Hazards Amendment to Marin's Local Coastal Program.

I am very concerned that the regulations the California Coastal Commission is attempting to impose on Marin County will take away my rights to maintain, protect and rebuild my home.

I understand that repeated attempts to compromise with the California Coastal Commission staff have failed, and that they intend to instead force their own draft regulations, in place of those approved by our Board of Supervisors, at the upcoming hearing [on November 2nd](#). I am disappointed that the many meetings, votes and letters from West Marin residents that contributed to Marin County's submission are being ignored in this process.

Please protect my right to protect my home and my property. The current Local Coastal Program is better than the proposed changes. Please keep it in place.

Patrick Moore and Karen Lindfors
