Kristin Drumm - Senior Planner

Thanks for the phone conversation yesterday.  
I write to remind County Planning that Point Reyes Sta. is a small fragile village that is increasingly overburdened with tourist/visitor impacts: new crime, including robbery, burglary, and vagrancy in a community of limited space, water, parking and services. Any encouragement for more commercial expansion at the expense of residents is absurd and irresponsible.

Discussions and dialogues on town change should be presented locally (PT. REYES Village Assn.) where those whose quality of life is threatened may participate, and where wisdom, transparency, and fairness might abide.

Sincerely

Thomas + Jeri Quinn  
45 year downtown residents
