Subject: Local Coastal Plan for West Marin - homeowner endorsement
Date: Sunday, April 17, 2016 6:31:27 PM

Marin County Supervisors:

I am a homeowner at Stinson Beach, and prior to the meeting on April 19 regarding the new Local Coastal Plan for West Marin, I would to express my support for the county staff and Supervisor Kinsey who came out and met with us.

It was a relief to many of us to have them take their time and make the effort to listen to our concerns and our needs, and to have them draft a version of the new Marin plan that seems to satisfy the needs of our community, and also balance the environmental and public access concerns.

I endorse this plan and urge you to pass it as written.

Thank you,

Vicki Sebastiani
