Subject: public comment on Coastal Commission and "visitor serving communities"
Date: Thursday, September 29, 2016 12:07:10 PM

Alexandra Marcotte would like information about:

I hope the Supervisors and the Coastal Commission place the concerns of the people who wake up in this town every day over those of the visitors to Tomales. In a town with only about a hundred houses, many of which are owned by "weekenders", Tomales needs ALL available residential opportunities for its own people: those who come here to LIVE. Tomales is and always has been a community of RESIDENTS. To reduce residential opportunities downtown works against the social fabric of this community.

Thank you.
