Subject: Proposed Village Commercial Core Area

The California Coastal Commission wants Visitor Services.

The Services Tomales provides is Quiet. The village is in a small valley that acts as an amphitheatre. I believe the world needs places like this...quiet, lonely, soft. That is it's beauty. A perfect place with a Historic District and a Historic Highway 1. Both with Viewsheds.

A quiet protected place good for contemplation.

Louise Gregg a resident of Tomales for over 46 years. A residence of West Marin for 76 years.
