Subject: Amendments 3 & 7 of LCP - Vote NO!!

Importance: High

Supervisors:

It's come to my attention Marin County is in the process of updating the Local Costal Program, and such changes may dramatically impact homeowners who own property on the coast. I have owned a property in Bolinas since 1997, and the proposed amendments would dramatically increase the cost and regulation of repairs to homeowners who live near the coast. As you are aware, there is significant erosion issues in Bolinas, and the County has done little over the past 50 years to address these issues. And now the County is considering making it even more difficult for owners to protect their properties.

Again I urge you to do the right thing and Veto NO on these amendments!

Regards,

James Mott
