Dear Supervisors,

Marin Farm Bureau and I are aligned with the changes needed to keep agriculture on the right footing to be able to farm and produce healthy products and be good stewards into the future.

I am signing onto the changes requested by the MCFB as a dairyman and processor who supports 9 family farms in Marin & Sonoma counties.

I appreciate the pressures that you are under to get the LCP completed, but ask you to help us by representing our needs, to sustain our family farms in Marin County.

Sincerely,

Albert Straus

Subject: Marin County Farm Bureau LCP Comments

Dear Supervisors,

The attached comments represent the views of the Marin County Farm bureau with the valuable input from California Farm Bureau Federation, other Marin County agriculturalists, other agricultural support organizations and community members.

Thank you for your continued effort to get this right.
