Subj: To Honorable Members of Marin County Board of Supervisors

Honorable Members of the Marin Board of Supervisors:

As I recalled a quote attributed to either Cicero, Seneca, or Blaise Pascal, it fits perfectly my previous lengthy letter to you: Please reconsider my request to amend the proposal to be presented to the California Coastal Commission Staff.

*"Excuse the long letter, I didn't have time to write a short one"*

I am reminded of my own magnum opus of August 14, 2015 which I had written to this Honorable Board regarding my objections re proposals of California Coastal Commission (CCC), re Local Coastal Plan (LCP) which I believe are unfair and prejudicial to those farmers/ranchers outside the aegis of MALT or waiting in the que for admittance, please consider the following reasons::

1. Those who sold easements to MALT, received compensation for surrendering their land rights which are now required by mandate from the California Coastal Commission (CCC) for those of us not yet in a Marin Agricultural Land Trust (MALT)
2. The MALT outsider, such as myself suffers a taking of property rights without compensation.
3. MALT now has no incentive to add landowners such as myself, and if so considered, would reduce the offering, as the development rights have been usurped by CCC.

Thank you for your time, courtesy and attention.

Ione Conlan
