PUBLIC WORKSHOP

For the

COUNTY OF MARIN REGULATORY IMPROVEMENTS ADVISORY COMMITTEE

To discuss and get your input on

STRATEGIES FOR IMPROVING THE DEVELOPMENT REVIEW PROCESS AND CUSTOMER SERVICE

**TUESDAY, July 8TH, 2014
5:00 pm – 7:00 pm**

**Marin Health and Wellness Campus – Connection Center Conference Room
3240 Kerner Blvd. San Rafael**

The County of Marin has initiated a process to identify and evaluate strategies for more efficiently reviewing development projects in the unincorporated county. The process is spearheaded by a citizen advisory committee, referred to as the Regulatory Improvements Advisory Committee, which recently completed a report identifying opportunities to reduce bureaucracy, achieve a more timely process for reviewing development proposals, and improve communication between the County, interested organizations and the public. The Advisory Committee findings will be presented to the Board of Supervisors for consideration this summer.

The purpose of this workshop is to update the community on the Advisory Committee's findings and to provide an opportunity for the public to provide input on how the strategies respond to real life customer experiences with the Community Development Agency's development review process. Both building professionals and members of the general public are welcome to take part in this meeting. (Keep in mind, this workshop is not for the County Housing Element or regional planning initiatives.)

**Please come to the workshop to share your experience and
provide input to the County!**
