HISTORICAL ROOTS

The Grand Jury system has been used in England since the twelfth century. Grand juries were brought to America in 1635 when the Massachusetts Bay Colony empanelled the first one in the new land.

The Grand Jury system has been embedded in the California Constitution since the beginning of statehood in 1850. The Marin County Civil Grand Jury operates under this constitutional mandate, which calls for a grand jury in every county.

Volunteer For the Marin County Civil Grand Jury

“An Experience of a Lifetime”
**WHAT WE DO**

The Civil Grand Jury is Marin County’s only independent watchdog of government agencies and services. Composed of 19 citizen volunteers, it investigates and monitors the performance of county, city, and local governing entities and recommends ways to increase their efficiency and effectiveness. It also has the power to enter accusations against government wrongdoers.

Empowered by the judicial system, the Civil Grand Jury is independent of administrators, politicians, and legislators.

**THE PROCESS**

Applications are accepted from all qualified citizens. Superior Court judges review the candidate applications and select 30 potential jurors. A drawing is held to pick 19 jurors; those remaining are alternates.

Jurors serve for a one-year term beginning on July 1. After being sworn in, Marin County Civil Grand Jurors are provided with comprehensive training on grand jury responsibilities, local governments, and investigation and report-writing techniques. The presiding judge of the Superior Court appoints a foreperson. The Grand Jury organizes itself and investigates various departments and functions of local governments as it chooses.

Investigations can be initiated by the Grand Jury itself or suggested by citizens. The Grand Jury may respond to complaints of alleged mistreatment by officials and suspicion of misconduct. All investigatory work of the Grand Jury is confidential. A public report usually follows an investigation with recommendations that must be publicly addressed by the recipients.

Reports are issued by the Grand Jury throughout the year. Responses to reports are required from the elected officials and investigated agencies within 60 to 90 days.
