Subject: RE: Homelessness in Marin - A Call for Leadership

Dear Mr. Mann

I have received your request dated Nov 19th in response to additional/updated information regarding the 2014-15 Grand Jury Report "Homelessness in Marin- A Call for Leadership".

The current status is that the County is continuing to work on implementation of the new financial system that will provide the functionality to track expenditures related to homelessness. Health and Human Services is working closely with the Department of Finance on the implementation. The chart of accounts redesign phase of the project is in the process of being finalized. A homelessness ledger has been included in the chart of accounts for Health and Human Services budgets. The new system is scheduled to go live on July 1, 2016.

As always, I can make myself available to discuss further if you would like.

Regards,

Heather Ravani
Chief Assistant Director
Health and Human Services
