Re: Marin Civil Grand Jury Report: "Marin's Hidden Human Sex Trafficking Challenge"  
dated June 23, 2016

Dear Mr. Hamilton-Roth,

As noted in our response to the original Grand Jury Report referenced above, the Bolinas Fire Protection District remains committed to the training of all of our first responders in the recognition and reporting of human trafficking. Initial training has taken place this past month; follow up training has been assigned to each responder with completion expected by February 28, 2017. This training is now incorporated into our annual mandated training requirements. In addition, written information regarding recognition and reporting requirements has been added to our Command vehicle for access during incidents.

Respectfully submitted,
