In response to the specific Findings and Recommendations in this report, it should be noted that school districts do not generally have sufficient information or expertise to serve as a basis for a response to the specific items. Keeping that in mind:

FINDINGS

F-1 through F-13:

Response: Agree with all findings, assuming the facts as set forth in the Grand Jury's Report are accurate.

RECOMMENDATIONS

R7: Marin County Office of Education should work with the Marin County School/Law Enforcement Partnership to develop educational programs to ensure that students, parents, and teachers are trained in recognizing the signs of human trafficking and where they can find help.

Response: The Kentfield School District believes that this recommendation has been implemented. The operations of the Marin County Office of Education, however, are not within the district's purview.
