

LAGUNITAS DISTRICT RESPONSE TO GRAND JURY REPORT – Marin Public Schools
Fail to Beat Bullies, June 9, 2016

F1: The Lagunitas School District monitors student attitudes and behaviors in our emotional literacy program. We recognize that some of our students do participate in bullying and we have implemented restorative practices and the *No Bully Solution Teams* to address that behavior.

F2: LSD complies with the California anti-bullying law except in one area, providing a systematic, anonymous way for students to report bullying. That omission will be addressed by impending a web based system and paper drop box method that would facilitate anonymous tips.

F3: LSD has corrected that insufficiency by creating a direct link on the web site to policies related to bullying.

R1: We will review policies and procedures in order to comply fully with Seth's Law in fall of 2016

R2: We will review policies and procedures to ensure that complainants' identities remain confidential and that they are protected from retaliation.

R3: LSD had implemented recommendation #3 (see F3)

R4: LSD will implement recommendation #4 in fall of 2016. (See F2)

R5: LSD will implement recommendation #5 in fall of 2016. (See F2)

R6: LSD has implemented the *No Bully Solution Team Process* and found it to be remarkably effective.

Board reviewed 6/23/16.
