**Re: Police Firearm Security Grand Jury Report**

Dear Mr. Hamilton-Roth,

We have received your letter regarding the status of publicizing the number and circumstance of all firearms that have been lost or stolen by law enforcement, including those from personnel vehicles.

The information relating to firearms (Recommendation R2) is located on the Police Department's page Crime Prevention under Statistics. We anticipated having this information on the new City of Mill Valley website but there has been a delay in launching the website. When the website is launched the information for firearms will be listed under the Community Information Section under Statistics

If you have any further questions, please contact me Monday-Thursday 8:00am to 5:00pm at 415-389-4100.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Angel Bernal".

J. Angel Bernal  
Chief of Police
