

Helpful information when you go to the doctor and other health care providers

With the UnitedHealthcare® Group Medicare Advantage (PPO) plan, you can see doctors and other health care providers that are both in and out of UnitedHealthcare’s network as long as they participate in Medicare and accepts the plan, at the same cost share. We’ve also created helpful tips for your doctor on the back side of this page.

Going to a network doctor or health care provider

What is a network doctor?

A network doctor or health care provider is one who contracts with UnitedHealthcare to provide services to Medicare-eligible members.

What do I pay?

You pay your copay or coinsurance according to your plan benefits. Your doctor or health care provider will bill UnitedHealthcare for the rest of the cost of your service(s).

Can a network doctor refuse to see me?

If you are an existing patient, the doctor or health care provider must continue to see you. A network doctor may choose not to see you if they have not seen you before and if they are not accepting any **new** Medicare patients.

How is the doctor paid?

The doctor or health care provider is paid according to his or her contract with UnitedHealthcare.

Going to an out-of-network doctor or health care provider

What is an out-of-network doctor?

An out-of-network doctor or health care provider does not have a contract with UnitedHealthcare.

Can I see any out-of-network doctor?

You can see any out-of-network doctor or health care provider that participates in Medicare and accepts the plan. Accepting the plan means the doctor is willing to treat you and bill UnitedHealthcare.

What do I pay?

You pay your plan’s copay or coinsurance. UnitedHealthcare will pay for the rest of the cost of your covered service(s) including any excess charges up to the limit set by Medicare.

Will the doctor bill UnitedHealthcare?

If a doctor or hospital refuses to directly bill UnitedHealthcare, he or she may ask that you pay the full allowable amount. In that case, you can pay the doctor and then submit your claim to UnitedHealthcare. You will be reimbursed for the cost of the claim less your copay or coinsurance.

What if my doctor says he or she will not accept the plan?

We will be happy to contact your doctor on your behalf to provide more education on how the plan works. Usually that is all that is needed.

Help for your providers

Helpful tips for your doctor can be found on the back side of this page.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract. Enrollment in the plan depends on the plan’s contract renewal with Medicare. Out-of-network/non-contracted providers are under no obligation to treat Plan members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

UnitedHealthcare Group Medicare Advantage (PPO) plan guide to care for doctors and health care providers

We've created this Guide to Care to help you understand how the UnitedHealthcare Group Medicare Advantage (PPO) plan differs from individual Medicare plans or Medicare Supplement plans in which your patients may be enrolled. Members of this plan can see any care provider who participates in Medicare and accepts the plan, whether or not they participate in the UnitedHealthcare network.

The UnitedHealthcare Group Medicare Advantage (PPO) plan works differently than other types of Medicare Advantage plans:

- It's a **Group** Medicare Advantage plan. It's been designed exclusively for these members by their former employer or plan sponsor. This isn't an individual Medicare Advantage plan or Medicare Supplement plan.
- Members can use network or out-of-network care providers for the same copay or coinsurance. There's no difference in what the member will pay.
- No referrals are required.

Frequently asked questions

Do I need a contract with UnitedHealthcare to see members of this plan?

No, you do not need a contract with UnitedHealthcare to see and treat members of the Group Medicare Advantage (PPO) plan. If you're not in our UnitedHealthcare Group Medicare Advantage network, but you do participate in Medicare, you may bill UnitedHealthcare up to the Medicare allowable charge. Please don't balance bill the patient. Any excess charges — up to the Medicare allowable amount — will be paid by UnitedHealthcare.

What do members pay for services?

Members pay their appropriate copay or coinsurance.

Are prior authorizations required?

For doctors and care providers not contracted with UnitedHealthcare, prior authorization or notification requests are not needed to provide services to UnitedHealthcare Group Medicare Advantage (PPO) plan members.
