This holiday season, the Marin IJ has partnered with the Marin County Stormwater Pollution Prevention Program and its sponsors to bring you their 2011 wall calendar.

This lovely 12-month wall calendar will feature informative tips and facts about the conservation of Marin's waterways and resources accompanied by beautiful nature photography.

If you are a home subscriber, be sure to look for the calendar inside your Marin IJ insert jacket on Friday, December 10th!

This calendar has been made possible by the Department of Resources Recycling and Recovery (CalRecycle), Marin County Stormwater Pollution Prevention Program, Marin County Wastewater Treatment Agencies, Marin Municipal Water District, Ross Valley Sanitary District and the Marin Independent Journal.

(Newsstand and single copies of the newspaper will not contain the calendar. If you'd like to subscribe to the Marin IJ, please call 415-883-8633 to start your home delivery.)

Additional calendars will be available at Marin Libraries and City/Town Halls while supplies last. Call 499-3202 if you have questions.
