Marin County Stormwater Pollution Prevention Program
Minimum Control Measures
For Small Construction Projects

### Erosion Controls
1. Preserve Vegetation & Creek Set Backs
2. Soil Cover
3. Soil Preparation/ Roughening
4. Erosion Control Blankets
5. Revegetation
6. Tracking Controls
7. Fiber Rolls
8. Silt Fence
9. Drain Inlet Protection
10. Concrete Washout
11. Stockpile Management
12. Hazardous Material Management
13. Sanitary Waste Management
14. Equipment and Vehicle Maintenance
15. Litter and Waste Management

### Sediment Controls
1. Scheduling
2. Soil Cover
3. Soil Preparation/ Roughening
4. Erosion Control Blankets
5. Revegetation
6. Tracking Controls
7. Fiber Rolls
8. Silt Fence
9. Drain Inlet Protection
10. Trench Dewatering

### Good Housekeeping Controls
1. Scheduling
2. Soil Cover
3. Soil Preparation/ Roughening
4. Erosion Control Blankets
5. Revegetation
6. Tracking Controls
7. Fiber Rolls
8. Silt Fence
9. Drain Inlet Protection
10. Trench Dewatering
11. Stockpile Management
12. Hazardous Material Management
13. Sanitary Waste Management
14. Equipment and Vehicle Maintenance
15. Litter and Waste Management

**Note:** Select an effective combination of control measures from each category. Erosion Control, Sediment Control, and Good Housekeeping. Control measures shall be continually implemented and maintained throughout the project until activities are complete, disturbed areas are stabilized with permanent erosion controls, and the local agency has signed off on permits that may have been required for the project. Inspect and maintain the control measures before and after rain events, and as required by the local agency or state permit.

Visit [www.mcstopp.org](http://www.mcstopp.org) for more information on construction site management and Erosion and Sediment Control Plans.

If you require materials in alternative formats, please contact:

Erosion Blanket

Note: Actual layout determined in the field.

Silt Fence

NOT TO SCALE

Concrete Washout

Catch Basins with Gravel Bags

(Do not use sand bags near inlets)
