The Marin County Flood Control and Water Conservation District ("District") maintains flood control facilities throughout the County of Marin including more than 13 miles of earthen levees. The earthen levee situated along the right bank of Gallinas Creek in Santa Venetia extending from Meadow Drive to the Santa Venetia Marsh has a wooden box berm built on top of it. This TRB Repairs contract is intended for the maintenance repairs of portions of the TRB which extend behind or through nine (9) residential parcels located on Vendola Drive in Santa Venetia (see Exhibit A – Site Vicinity Map) The details described in Project Information below apply to the repair and replacement of those portions of the TRB shown. The bidder who enters into a contract with the District shall be required to remove and replace portions of the TRB designated by the District, strip vegetation growing on the open soil surface of the TRB, stockpile existing berm fill soil, fill, and compact the berm box, and stabilize disturbed soil upon completion of the repairs. The work will be scheduled to occur from September 1, 2023, through October 31, 2023, exclusive of periods of high tides and/or severe weather (see Scope of Work, Technical Requirements for specifics).

***END OF PROJECT INFORMATION***
SCOPE OF WORK

Project Specifics
The contractor shall furnish all labor, materials, tools, equipment, and incidentals described in the tasks listed below:

1. Repairs Execution
   a. Demolition and Site Preparation

   The contractor shall install temporary construction fencing (“snow fencing”) along the landside of the Work Zone (see Attachment A - Project Site Detail Map) to establish the limits of the work zone. The Work Zone is defined as approximately 10 feet wide and centered on the existing TRB. Fencing shall be removed at the conclusion of the repair work.

   The Contractor shall install silt fencing along the waterside of the Work Zone. Fencing shall be removed at the conclusion of the repair work.

   The Contractor shall remove the portion of the existing TRB structure above the existing ground surface. Removal of concrete footings below grade is optional, so long as the existing footings do not interfere with the installation of the new posts, footings, and planks per Attachment C - TRB Construction Detail and Post Footing Embedment Schedule. Contractor shall dispose of the resultant debris at a disposal facility licensed to accept the debris and provide the County with copies of the disposal facility tags. Contractor shall dispose of any hazardous materials, such as any pressure treated wood generated during demolition of the TRB, at a disposal facility licensed to accept such debris. Contractor shall submit copies of all disposal tags to the District Engineer (Engineer) or District Project Manager (Project Manager).

   The Contractor shall strip all existing vegetation growing on the surface soil of the TRB. Contractor shall remove all organics found within the existing TRB fill soil larger than 2” diameter. Contractor shall dispose of vegetation and organics waste at a disposal facility licensed to accept such debris and provide tags to the Project Manager.

   Contractor shall place temporary plywood sheets and/or temporary heavy mil plastic sheeting (e.g., Visqueen) on the ground adjacent to the TRB to receive spoils generated during excavation of the soil fill within the TRB. The intent of this temporary platform is to reduce damage to existing vegetation adjacent to the TRB such that upon completion of construction the vegetation covered during construction can be allowed to re-establish as erosion and sediment control for the ground on which it is growing. Contractor shall remove this temporary material once the spoils have been placed within the newly constructed TRB.

   b. TRB Construction

   Contractor shall replace the specified portions of the TRB shown in Attachment A - Project Site Detail Map. Contractor shall construct the new TRB wall portions to match the height (i.e., top-of-wall elevation) of the portions of the TRB which are adjacent to and shall remain intact at the following addresses (see Attachment A - Project Site Detail Map): 301 Vendola, 313 Vendola, 409 Vendola, and 503 Vendola. Nine properties (303, 305, 307, 309, 311, 401, 411 and 501 Vendola) are part of the base bid.

   Contractor shall note to following details:
   • New lumber type: Pressure treated (EPA approved)
   • New post spacing: 4 feet on-center
• Post footings: mixed wet concrete (>2000 psi strength performance)
• Bottom plank shall be embedded >4” below ground surface.
• Install zinc plated threaded tie-rods, nuts, and washers to connect waterside with landside posts.
• Soil Backfill
  o Strip vegetation inside the existing berm box
  o Remove organics from soil used to backfill newly constructed berm box.
  o Compact soil in voids created behind new wall to level of effort approximate to 90% compaction (gauge testing not required)
  o Compact soil in progressive lifts of 6” or less
  o Compacted soil backfill shall be placed level (approximately) with the final top edge of the new berm box
  o Place soil, whether native or imported (see FIGURE 6 for import soil fill specification) to raise the soil level in the new berm box with the final top edge of the new berm box
  o Exposed soil surface between the walls (top face) shall be compacted soil stabilized per sediment control prescribed in Attachment F - Marin County Flood Control & Water Conservation District Requirements For Contractors, Section 10 “Stormwater Pollution Prevention”.

  c. Site Access and Contractor Staging Areas

Contractor shall assume that, by the start date of the Contract for the TRB repairs, the District will have secured necessary rights-to-enter to facilitate the repair work.

Construction access points are shown on Attachment A - Project Site Detail Map for repair work.
  a) Driveway between 301/303 Vendola
  b) Driveway through Pump Station/Las Gallinas Valley Sanitary District parcel (between 401 and 405 Vendola).
  c) Side yard path at 411 Vendola. Contractor shall maintain construction accesses in safe, clean, and orderly conditions at all times.

All damages within the accesses due to Contractor construction activity shall be repaired by and paid for by Contractor.

The Contractor will have use of the following staging areas:
  a) Pump Station #2 (Attachment A - Project Site Detail Map)
  b) Pump Station #3 (Attachment B - Additional Staging Area Map)

Technical Requirements

1. Provision of Continuous Flood Control Facility Service

In advance of a combined storm and predicted high tide (above 6 feet MLLW [Mean Low Low Water]) or predicted high tide above 7 feet MLLW regardless of weather, Contractor shall provide a barrier to prevent Gallinas Creek water from crossing the earthen levee which supports the TRB wherever the contractor
removed the TRB. Barrier method and materials must be approved by the Engineer or Project Manager. If
the barrier method approved is sandbags, at any location along the TRB repair work zone where the TRB
has been removed (e.g., during demolition), in anticipation of the above referenced forecast conditions
Contractor shall place sandbags in a manner consistent with the flood water barrier installation detail
prescribed by the California Department of Water Resources (Emergency Flood Fighting Methods), such
that tide water from Gallinas Creek will be dammed to an elevation of 9 feet NAVD 88 [North American
Vertical Datum 88]. The intent of the temporary sandbags is to prevent tidewater inundation within or
across the TRB construction zone during demolition and construction if water levels in the creek are
expected to be unusually high. Upon completion of the TRB repairs, Contractor shall dispose of sandbag
waste at a disposal facility licensed to accept such debris and provide tags to the Project Manager.

2. Toilet Facilities

Contractor shall provide a portable pressurized water tank and hose sufficient to pump water wherever
needed for repairs. Contractor shall provide a water source prescribed in compliance with the local water
district construction guidelines, Marin Municipal Water District.

Contractor to provide toilet/hygiene facilities and place the structure within the staging area at Pump
Station #2 (see Attachment A - Project Site Detail Map).

3. Sound Control

The Contractor shall comply with all local sound control and noise level rules, regulations and ordinances
which apply to any work performed pursuant to the contract.

Each internal combustion engine, used for any purpose on the job or related to the job, shall be equipped
with a muffler of a type recommended by the manufacturer. No internal combustion engine shall be
operated on the project without said muffler.

The noise level from the Contractor’s operations, between the hours of 9:00 P.M. and 6:00 A.M., shall not
exceed 86 decibels at a distance of 50 feet. This requirement in no way relieves the Contractor from
responsibility for complying with local ordinances regulating noise level.

Said noise level requirement shall apply to all equipment on the job or related to the job, including but not
limited to trucks, transit mixers or transient equipment that may or may not be owned by the Contractor.
The use of loud signals shall be avoided in favor of light warnings except those required by safety laws for
the protection of personnel.

Full compensation for conforming to the requirements of this section shall be considered as included in the
prices paid for the various contract items of work involved and no additional compensation will be allowed,
therefore.
4. Work Hours
Normal working hours for this site shall not be earlier than 8:00 a.m. or later than 5:00 p.m., weekdays, unless otherwise approved by the Project Manager.

5. Stream Maintenance Program and Stormwater Management Guidelines
Contractor shall follow the biological, and erosion and sediment control guidelines prescribed in the Marin County Stream Maintenance Program manual. See Attachment E - Stream Maintenance Program Acknowledgement for the sections pertinent to the TRB repair work. For stormwater management guidelines see Attachment F - Marin County Flood Control & Water Conservation District Requirements For Contractors, Section 10.

6. Extra Work
The contractor will be notified in writing if the District desires to expand the specifications as described above. Exceptions to the Scope of Work shall be utilized for this contract for all work in excess of what’s necessary to complete the TRB repairs described in this RFP. The classification and cost ($/hour) shall represent the prevailing wages paid for the labor classification and any overhead for the company which includes all vacation, sick pay, and any incidentals. State of California prevailing wages shall apply for the work performed.

VII. DEBARMENT AND SUSPENSION CLAUSE
a. The Agreement and this Exhibit is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, Contractor is required to verify that none of Contractor’s principals (defined at 2 C.F.R. §180.995) or its affiliates (defined at 2 C.F.R. §180.905) are excluded or disqualified (defined at 2 C.F.R. §180.935).

If it is later determined that Contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to the remedies available to the County of Marin, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
d. The bidder or proposer agrees to comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while the offer is valid and throughout the period of any contract that may arise out of this offer. The bidder or proposer agrees to include such compliance in its lower tier covered transactions.

VIII. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (applicable to all contracts in excess of $100,000 that involve the employment of mechanics or laborers or other construction work, but not to purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence)

a. Overtime requirements: No contractor or subcontractor contracting for any part of the contract work, which may require or involve the employment of laborers or mechanics, shall require or permit any such laborer or mechanic in any workweek, in which he or she is employed on such work, to work in excess of forty (40) hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one (1) and one-half (1/2) the basic rate of pay for all hours worked in excess of forty (40) hours in such workweek.

b. Violation; liability for unpaid wages; liquidated damages: In the event of any violation of the clause set forth in VII(a) of this section Contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen or guards, employed in violation of the clause set forth in VIII(a) of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty (40) hours without payment of the overtime wages required by the clause set forth in VIII(a) of this section.
c. **Withholding for unpaid wages or liquidated damages:** the County of Marin shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any monies payable on account of work performed by Contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in VIII(b) of this section.

d. **Subcontracts:** Contractor or subcontractor shall insert in any subcontracts the clauses set forth in VIII(a) through (d) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in VIII(a) through (d) of this section.

IX. **DEPARTMENT OF HOMELAND SECURITY SEAL, LOGOS, FLAGS**
a. Contractor shall not use the Department of Homeland Security (DHS) seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA approval.

X. **ACCESS TO RECORDS**
a. b. Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

c. Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the Agreement.

d. In compliance with the Disaster Recovery Act of 2018, the County of Marin and Contractor acknowledge and agree that no language in the Agreement is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

XI. **NO OBLIGATION BY FEDERAL GOVERNMENT**
a. The Federal Government is not a party to the Agreement or this Exhibit and is not subject to any obligations or liabilities to the non-Federal entity, contractor or any other party pertaining to any matter resulting from the contract.
b. Contractor agrees to include the above clause in each third-party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

XII. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS
a. Contractor acknowledges that the 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to Contractor’s actions pertaining to the Agreement.

XIII. TERMINATION FOR CAUSE
Contractor’s failure to perform or observe any term, covenant or condition of this Exhibit shall constitute an event of default under the Agreement and County may terminate the Agreement.

XIV. EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE (applicable to all construction contracts awarded meeting the definition of “federally assisted construction contract” under 41 CFR 61-1.3).
   a. During the performance of the Agreement, Contractor agrees as follows:
      i. Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
      ii. Contractor will, in all solicitations or advertisements for employees placed by or on behalf of Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
      iii. Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation
information of other employees or applicants as a part of such employee’s essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with Contractor’s legal duty to furnish information.

iv. Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers’ representatives of Contractor’s commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

v. Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

vi. Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

vii. In the event of Contractor’s noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

viii. Contractor will include the portion of the sentence immediately preceding paragraph (i) and the provisions of paragraphs (i) through (viii) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event a contractor becomes involved in, or is
threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, Contractor may request the United States to enter into such litigation to protect the interests of the United States. The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract. The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency’s primary responsibility for securing compliance. The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

XV. ANTI-KICKBACK ACT COMPLIANCE (applicable to all contracts and subgrants for construction or repair above $2,000 where the Davis-Bacon Act also applies; 44 CFR §13.36(i)(4))

a. Contractor agrees to comply with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3), as may be applicable, which are incorporated by reference into the Agreement.

b. Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause
requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

c. A breach of the contract clauses above may be grounds for termination of the Agreement, and for debarment as a contractor or subcontractor as provided in 29 C.F.R. § 5.12.

XVI. DAVIS-BACON ACT COMPLIANCE (applicable to construction contracts in excess of $2,000 awarded by grantees and subgrantees when required by Federal grant program legislation;)

a. To the extent required by any Federal grant programs applicable to expected funding or reimbursement of County’s expenses incurred in connection with the services provided under the Agreement, Contractor agrees to comply with the Davis-Bacon Act (40 U.S.C. 276a to 276a–7) as supplemented by Department of Labor regulations (29 CFR Part 5) as set forth below. These requirements are in addition to the requirements set forth in the Agreement.

b. Contractor shall be bound to the provisions of the Davis-Bacon Act, and agrees to be bound by all the provisions of Labor Code section 1771 regarding prevailing wages. All labor on this project shall be paid neither less than the greater of the minimum wage rates established by the U.S. Secretary of Labor (Federal Wage Rates), or by the State of California Director of Department of Industrial Relations (State Wage Rates). Current DIR requirements may be found at http://www.dir.ca.gov/lcp.asp.

XVII. PATENT RIGHTS (applicable to contracts for experimental, research, or development projects financed by FEMA)

a. General. If any invention, improvement, or discovery is conceived or first actually reduced to practice in the course of or under the Agreement, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the County and Contractor agree to take actions necessary to provide immediate notice and a detailed report to FEMA.

b. Unless the Government later makes a contrary determination in writing, irrespective of Contractor's status (a large business, small business, state government or state instrumentality, local government, nonprofit organization, institution of higher education, individual), the County and Contractor agree to take the necessary actions to provide, through FEMA, those rights in that invention due the Federal Government as described in U.S. Department of Commerce regulations, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” 37 CFR, Part 401.
c. Contractor agrees to include paragraphs a. and b. above in each third-party subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance provided by FEMA.

XVIII. INCORPORATION OF UNIFORM ADMINISTRATIVE REQUIREMENTS
a. The preceding provisions include, in part, certain standard terms and conditions required by FEMA, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by FEMA are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FEMA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in the Agreement. Contractor shall not perform any act, fail to perform any act, or refuse to comply with any County requests that would cause County to be in violation of the FEMA terms and conditions.
