MEASURE D**

If this Measure is approved by a majority of the voters, the Stinson Beach Fire Protection District, pursuant to Article XIIIB of the California Constitution, shall be authorized to increase its established appropriations limit in an amount equal to the combined total of all revenue sources for fiscal years 1998-1999 through 2002-2003.

Dated: December 9, 1998

ARGUMENT IN FAVOR OF MEASURE D

Measure D is not an increase in taxes.
Measure D authorizes the District to expend the tax dollars Stinson Beach voters already have approved.

Measure D has no effect on the tax rate. A YES vote will NOT raise taxes. A NO vote will NOT reduce taxes.

A YES vote simply increases the Fire Department's appropriations to equal the existing tax revenue. This enables the District to pay for fire protection and ambulance services.

If Measure D fails, the Fire Department budget will have to be cut back by a significant amount.

Measure D expires automatically in 4 years and must then be resubmitted to the voters.
